Forward-Looking Statements

This Report on Form 8-K contains forward-looking statements within the meaning  
of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the  
Securities Exchange Act of 1934, as amended. All statements regarding our  
expected financial position and operating results, our business strategy, and  
our financing plans are forward-looking statements. These statements can  
sometimes be identified by our use of forward-looking words such as "may,"  
"will," "anticipate," "estimate," "expect," "project," or "intend." These  
forward-looking statements reflect our plans, expectations, and beliefs and,  
accordingly, are subject to certain risks and uncertainties. We cannot guarantee  
that any of such forward-looking statements will be realized.

Statements regarding factors that may cause actual results to differ materially  
from those contemplated by such forward-looking statements ("Cautionary  
Statements") include, among others, those under the caption "Risk Factors" in  
our annual report on Form 10-KSB for the year ended December 31, 2005, as  
amended, and quarterly report on Form 10-QSB for the quarter ended September 30,  
2006. All of our subsequent written and oral forward-looking statements (or  
statements that may be attributed to us) are expressly qualified by the  
Cautionary Statements. You should carefully review the risk factors described in  
our other filings with the Securities and Exchange Commission (the "SEC") from  
time to time.

Our forward-looking statements are based on information available to us today,  
and we undertake no obligation to update these statements. Our actual results  
may differ significantly from the results discussed.

Item 8.01 - Other Items.

This amendment number 2 to form 8-K filed on May 19, 2009 provides an update on  
our intentions to file the reporting requirements that are in arrears. The  
Company has filed our annual report on form 10-K for the year ended December 31,  
2006 as well as our quarterly report on form 10-Q for the period ended March 31,

2007 and continues to work on completing all additional reports still currently in arrears.

The delays in filing our reports was due to our efforts to properly disclose discontinued operations previously reported on form 8-K filed on October 5, 2007. As a result of this delay we are unable to file our reports on the schedule as initially intended.

We now intend to file the subsequent reports to the periods described above which are currently in arrears according to the revised schedule shown below.

On May 15, 2009, in response to a letter received from the Securities and Exchange Commission to address reporting requirements under the Securities and Exchange Act of 1934, the Company filed an 8-K indicating intentions to file reporting requirements in arrears setting out the following schedule:

Year ended 12/31/2007 - contemporaneously with interim quarterly periods 03/31/2007; 06/30/2007 and 09/30/2007 no later than September 15, 2009  
Year ended 12/31/2008 - contemporaneously with interim quarterly periods 03/31/2008; 06/30/2008 and 09/30/2008 no later than October 31, 2009  
Quarterly interim periods 03/31/2009; 06/30/2009 - no later than November 15, 2009

The Company also intends to meet the filing reporting requirement for the period ended 09/30/2009 within the time prescribed by the Securities and Exchange Act regulations.

Although we are unable to file our reports for the periods in arrears according to our intended schedule we will continue to use reasonable efforts to complete the remaining reports according to the above schedule.
