Yes [X] No []

There were 5,214,000 shares of Common Stock outstanding as of June 30, 2004.

PART 1. FINANCIAL INFORMATION

PRESENTATION OF UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

The unaudited consolidated financial statements have been prepared in accordance with rules of the Securities and Exchange Commission and, therefore, do not include all information and footnotes necessary for a fair presentation of financial position, results of operations and cash flows, in conformity with generally accepted accounting principles. The information furnished in the opinion of management, reflects all adjustments necessary to present fairly, and not misleading, the financial position as of June 30, 2004 and results of operations and cash flows for the three and six months ended June 30, 2004 and 2003. The results of operations are not necessarily indicative of results, which may be expected for any other interim period, or for the year as a whole.

Pender International, Inc.
(a Development Stage Company)
Notes

NOTE 1 - BASIS OF PRESENTATION

The interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these interim financial statements be read in conjunction with the financial statements of the Company for the year ended December 31, 2003 and notes thereto included in the Company's Form 10-KSB. The Company follows the same accounting policies in the preparation of interim reports.

Results of operations for the interim periods are not indicative of annual results.

NOTE 2 - GOING CONCERN

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As shown in the accompanying financial statements, the Company has incurred a net loss of \$38,723 for the period from August 26, 1998 (inception) to June 30, 2004, and has minimal sales. In order to obtain the necessary capital, the Company raised funds via private placement offering. If the securities offering does not provide sufficient capital, some of the shareholders of the Company have agreed to provide sufficient funds as a loan over the next twelve-month period. However, the Company is dependent upon its ability to secure equity and/or debt financing and there are no assurances that the Company will be successful, without sufficient financing it would be unlikely for the Company to continue as a going concern.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments that might arise from this uncertainty.

NOTE 3 - NOTES PAYABLE

On September 29, 1998, the Company received \$5,000 from an individual. This note bears interest of 6% and one balloon payment of principal and accrued interest is due in 5 years. The note was due on September 28, 2003. On September 28, 2003, the terms were renegotiated to 0% per annum, no penalties and interest charged and the note is due upon demand. Any interest accrued through September 30, 2003 was forgiven by the note holder and is considered donated capital. As of June 30, 2004, the total amount owed is \$5,000.

During the three month period ended June 30, 2004, the sole officer and director loaned the Company a total of \$3,780. As of June 30, 2004, the total amount owed is \$6,800. This amount does not bear any interest and is due upon demand.

NOTE 4 - RELATED PARTY TRANSACTIONS

The Company does not lease or rent any property. Office services are provided without charge by an officer and director of the Company. Such costs are immaterial to the financial statements and, accordingly, have not been reflected therein. The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, such persons may face a conflict in selecting between the Company and their other business interests. The Company has not formulated a policy for the resolution of such conflicts.

5

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS. CERTAIN FORWARD-LOOKING INFORMATION

Information provided in this Quarterly report on Form 10QSB may contain forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934 that are not historical facts and information. These statements represent the Company's expectations or beliefs, including, but not limited to, statements concerning future and operating results, statements concerning industry performance, the Company's operations, economic performance, financial conditions, margins and growth in sales of the Company's products, capital expenditures, financing needs, as well as assumptions related to the foregoing. For this purpose, any statements contained in this Quarterly Report that are not statements of historical fact may be deemed to be forward-looking statements. These forward-looking statements are based on current expectations and involve various risks and uncertainties that could cause actual results and outcomes for future periods to differ materially from any forward-looking statement or views expressed herein. The Company's financial performance and the forward-looking statements contained herein are further qualified by other risks including those set forth from time to time in the documents filed by the Company with the Securities and Exchange Commission, including the Company's most recent Form 10KSB.

CONDITION AND RESULTS OF OPERATIONS FOR THE SIX MONTHS ENDED JUNE 30, 2004

Our current cash balance is \$477. Revenues were -0- for the quarter ending June 30, 2004 and -0- for the same quarter ending 2003. Operating Expenses were \$698 for the quarter ended June 30, 2004 and \$966 for the same period in 2003. We import high quality furniture from Mexico and sell it in the United States and Canada. We specialize in selling custom order furniture items from Mexico that are replicas of upper-end quality furniture designs from Europe and the United States. Our furniture is hand crafted, using the same quality woods and hardware found in high-end furniture stores. Through savings in labor and exchange rates in Mexico, we are able to provide our customers with furniture that is fifty to sixty percent less expensive than comparable high-end furniture available through traditional fine furniture outlets.

We currently market in British Columbia and the West coast of the United States.

We have taken the following steps in our business: identified manufacturers of quality furniture products in Mexico, purchased furniture from those manufacturers, designed a system for efficiently handling customs procedures and transportation of products from Mexico into the United States and Canada, marketed and sold furniture products from Mexico to United States and Canadian customers, filed a Form 10-SB with the Securities and Exchange Commission in order to make our financial information equally available to any interested parties or investors, and obtained a listing for trading on the NASD's Over-the-Counter Bulletin Board.

In order to expand our furniture sales, our business plan includes the following future steps to be completed over one year: Prepare a private placement memorandum and raise capital of \$800,000 through the sale of common stock in a private placement by selling 800,000 shares at \$1.00 per share during the third quarter of 2004. During the fourth quarter, after raising capital, the company intends to open one furniture showroom/warehouse in Vancouver, British Columbia, and one in Seattle, Washington. During the next twelve months, in order to operate two showroom/warehouses, it is management's estimate that we will need to expend \$120,000 for four sales people, \$40,000 for two office staff personnel, \$100,000 for inventory samples, \$15,000 for set-up and maintenance of the company's web site, \$100,000 for advertising, \$20,000 for purchase of computers and fixed assets, \$120,000 for rent of two 5,000 sq. ft. showroom/warehouses, and \$80,000 for other operating expenses.

6

RISK FACTORS

Investors in Pender should be aware of the following material risks associated with our business plan:

WE ARE IN THE DEVELOPMENT STAGE OF OUR BUSINESS. PENDER HAS A LIMITED OPERATING HISTORY, AND MINIMAL PROFITS. AT THIS STAGE OF OUR BUSINESS PLAN, EVEN WITH OUR GOOD FAITH EFFORTS, OUR SHAREHOLDERS ARE ACCEPTING A HIGH PROBABILITY OF LOSING THEIR INVESTMENT.

While we fully intend to meet our goals per our business plan, our plan may not work. In such a scenario, we could remain as a small company with a minor level of operations, revenues, or profits. There is no guarantee that we will be able to expand our business per our business plan milestones.

WE HAVE RECEIVED A GOING CONCERN OPINION ON OUR FINANCIAL STATEMENTS THAT RAISES SUBSTANTIAL DOUBT AS TO OUR ABILITY TO CONTINUE AS A GOING CONCERN.

We may not have sufficient cash, assets, or revenues to cover our operating costs and allow us to continue as a going concern. If we are unable to raise additional funds in the equity securities market, we will be forced to rely on existing cash in the bank and funds loaned by the directors and officers. In such a restricted cash flow scenario, we would be unable to complete our business plan steps, and would, instead, remain as a development stage company until such time as necessary funding could be raised in the equity securities market.

OUR BUSINESS STRATEGY REQUIRES US TO RAISE FUNDS OF \$800,000 THROUGH A PRIVATE PLACEMENT. WITHOUT FUNDING, WE COULD REMAIN AS A START-UP COMPANY WITH NO MATERIAL OPERATIONS, REVENUES, OR PROFITS.

We intend to implement our business plan through the foreseeable future and will do our best to mitigate the risks associated with the business plan, however, there can be no assurance that our efforts will be successful. Depending upon the amount of additional funding we receive, we may be only partially successful or completely unsuccessful in implementing our business plan, and our shareholders may lose part or all of their investment.

OUR COMPETITORS ARE WELL-ESTABLISHED AND HAVE SUBSTANTIALLY GREATER FINANCIAL, MARKETING, PERSONNEL AND OTHER RESOURCES THAN WE DO. SHOULD WE BE UNABLE TO ACHIEVE ENOUGH CUSTOMER MARKET SHARE IN OUR INDUSTRY, WE MAY EXPERIENCE LESS REVENUE THAN ANTICIPATED AND A SIGNIFICANT REDUCTION IN OUR PROFIT.

While we believe we will be able to successfully compete against other similar companies, there is no assurance we will be successful in attracting enough new sales to be a competitive force in our industry.

7

THERE IS NO CURRENT PUBLIC MARKET FOR PENDER'S SECURITIES. WE HAVE NO CURRENT PUBLIC OFFERING AND NO PROPOSED PUBLIC OFFERING OF OUR EQUITY. AS OUR STOCK IS NOT YET PUBLICALLY TRADED, INVESTORS SHOULD BE AWARE THEY PROBABLY WILL BE UNABLE TO SELL THEIR SHARES AND THEIR INVESTMENT IN OUR SECURITIES IS NOT LIQUID.

While we have obtained a listing for trading on the OTC Electronic Bulletin Board which is sponsored by the National Association of Securities Dealers (the NASD) that could create liquidity for our shareholders through public trading by securities dealers, there has been no trading of our shares. There is no guarantee of trading volume or trading price levels sufficient for investors to sell their stock, recover their investment in our stock, or profit from the sale of their stock.

TRADING IN THE COMPANY'S SHARES MAY BE REGULATED BY SECURITIES AND EXCHANGE COMMISSION RULE 15G-9 WHICH ESTABLISHED THE DEFINITION OF A "PENNY STOCK."

The Securities and Exchange Commission Rule 15g-9 established the definition of a "penny stock", for the purposes relevant to the company, as any equity security that has a market price of less than \$5.00 per share or with an exercise price of less than \$5.00 per share, subject to certain exceptions. For any transaction involving a penny stock, unless exempt, the rules require: (i) that a broker or dealer approve a person's account for transactions in penny stocks; and (ii) the broker or dealer receive from the investor a written agreement to the transaction, setting forth the identity and quantity of the penny stock to be purchased. In order to approve a person's account for transactions in penny stocks, the broker or dealer must (i) obtain financial information and investment experience objectives of the person; and (ii) make a reasonable determination that the transactions in penny stocks are suitable for that person and the person has sufficient knowledge and experience in financial matters to be capable of evaluating the risks of transactions in penny stocks. The broker or dealer must also deliver, prior to any transaction in a penny stock, a disclosure schedule prepared by the broker relating to the penny stock market, which, in highlight form, (i) sets forth the basis on which the broker or dealer made the suitability determination; and (ii) that the broker or dealer received a signed, written agreement from the investor prior to the transaction. The effective result of this Rule 15g-9, is that if the share price is below \$5.00 there will be fewer purchasers qualified by their brokers to purchase shares of the company, and therefore a less liquid market for the securities.

ITEM 3 - CONTROLS AND PROCEDURES

Pender's chief executive officer and chief financial officer evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-14c under the Securities and Exchange Act of 1934, as amended) within 90 days of the filing date of this Form 10-Q (the Evaluation Date). Based on that evaluation, they concluded that, as of the Evaluation Date, Pender had sufficient procedures for recording, processing, summarizing and reporting information that is required to be disclosed in its reports under the Securities and Exchange Act of 1934, as amended.

Since the Evaluation Date, there have not been any significant changes to Pender's internal controls or other factors that could significantly affect these controls, including any corrective actions with regard to significant deficiencies and material weaknesses.

CERTIFICATION PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, J. Michael Page, certify that:

1. I have reviewed this Form 10-QSB (the "report") of Pender International Inc.
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the small business issuer as of, and for, the periods presented in this report;
4. As the small business issuer's certifying officer, I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15df-15(f)) for the small business issuer and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the small business issuer, including its consolidated subsidiaries, is made known to me by others within those entities, particularly as of June 30, 2004, which is the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the small business issuer's disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of June 30, 2004 which is period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the small business issuer's internal control over financial reporting that occurred during the small business issuer's most recent fiscal quarter (the small business issuer's first fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the small business issuer's internal control over financial reporting; and
5. As the small business issuer's certifying officer, I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the small business issuer's auditors and the audit committee of the small business issuer's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the small business issuer's ability to record, process summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer's internal control over financial reporting.
