## CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). All statements other than statements of historical fact could be deemed forward-looking statements. Statements that include words such as “may,” “might,” “anticipate,” “estimate,” “expect,” “project,” “intend,” “plan,” “believe,” “pro forma” or the negative of these words or other words or expressions of and similar meaning may identify forward-looking statements. For example, forward-looking statements include any statements of the plans, strategies and objectives of management for future operations, including the execution of integration and restructuring plans and the anticipated timing of filings; any statements concerning proposed new products, services or developments; any statements regarding future economic conditions or performance; statements of belief and any statement of assumptions underlying any of the foregoing.

These forward-looking statements are found at various places throughout this Quarterly Report on Form 10-Q and the other documents referred to in this Quarterly Report on Form 10-Q and relate to a variety of matters, including, but not limited to, other statements that are not purely statements of historical fact. These forward-looking statements are made on the basis of the current beliefs, expectations and assumptions of management, are not guarantees of performance and are subject to significant risks and uncertainty. These forward-looking statements should not be relied upon as predictions of future events and Elys Game Technology, Corp. cannot assure you that the events or circumstances discussed or reflected in these statements will be achieved or will occur. Furthermore, if such forward-looking statements prove to be inaccurate, the inaccuracy may be material. In light of the significant uncertainties in these forward-looking statements, you should not regard these statements as a representation or warranty by Elys Game Technology, Corp. or any other person that we will achieve our objectives and plans in any specified timeframe, or at all. These forward-looking statements should, therefore, be considered in light of various important factors, including those set forth below, under Part II, “Item 1A. “Risk Factors” and elsewhere in this Quarterly Report on Form 10-Q and those identified under Part I, Item 1A in our Annual Report on Form 10-K for the year ended December 31, 2022 filed with the Securities and Exchange Commission on April 17, 2023.

You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Quarterly Report on Form 10-Q. We disclaim any obligation to publicly update or release any revisions to these forward-looking statements, whether as a result of new information, future events or otherwise, after the date of this Quarterly Report on Form 10-Q or to reflect the occurrence of unanticipated events, except as required by law.

In this Quarterly Report on Form 10-Q, unless the context indicates otherwise, references to “Elys Game” “our Company,” “the Company,” “we,” “our,” and “us” refer to Elys Game Technology, Corp. a Delaware corporation, and its wholly owned subsidiaries.

**ELYS GAME TECHNOLOGY, CORP.**  
**Notes to Unaudited Condensed Consolidated Financial Statements**

**1. Nature of Business**

Established in the state of Delaware in 1998, Elys Game Technology, Corp (“Elys” or the “Company”), provides gaming services in the U.S. market via Elys Gameboard Technologies, LLC and Bookmakers Company US, LLC (“US Bookmaking”) in certain licensed states where the Company offers bookmaking and platform services to the Company’s customers. The Company’s intention is to focus its attention on expanding its operations in the U.S. market. In this regard, the Company operates in Washington D.C. through a Class B Managed Service Provider and Class B Operator license to operate a sportsbook within the Grand Central Restaurant and Sportsbook located in the Adams Morgan district and the Over Under Sportsbook Rooftop Lounge in Washington, D.C., and in March 2022 the Company began providing platform and bookmaking services at Ocean Casino Resort in Atlantic City, New Jersey, and through its acquisition of US Bookmaking, the Company also provides sportsbook services to tribal casinos in New Mexico, North Dakota, Colorado and Michigan.

The Company also provides business-to-consumer (“B2C”) gaming services in Italy through its subsidiary, Multiigioco, which operations are carried out via both land-based retail or online interactive gaming licenses regulated by the Agenzia delle Dogane e dei Monopoli (“ADM”) that permits the Company to distribute leisure betting products such as sports betting, and virtual sports betting products through both physical, land-based locations as well as online through the Company’s licensed website www.newgioco.it or commercial webskins linked to the Company’s licensed website and through mobile devices. Management implemented a consolidation strategy in the Italian market by integrating all B2C operations into Multiigioco and allowed the Austrian Bookmakers license, that was regulated by the Austrian Federal Finance Ministry (“BMF”), to terminate.

Additionally, the Company provides business-to-business (“B2B”) gaming technology through its Odissea subsidiary which owns and operates a betting software designed with a unique “distributed model” architecture colloquially named Elys Game Board (the “Platform”). The Platform is a fully integrated “omni-channel” framework that combines centralized technology for updating, servicing and operations with multi-channel functionality to accept all forms of customer payment through the two distribution channels described above. The omni-channel software design is fully integrated with a built in player gaming account management system, built-in sports book and a virtual sports platform through its Virtual Generation subsidiary. The Platform also provides seamless integration of application programming interface of third-party supplied products such as online casino, poker, lottery and horse racing and has the capability to incorporate e-sports and daily fantasy sports providers. Management implemented a growth strategy to expand B2B gaming technology operations in the U.S. and is considering further expansion in Canada and Latin American countries in the near future.

**Notes to Unaudited Condensed Consolidated Financial Statements**

**1. Nature of Business (continued)**

The Company operates in two lines of business: (i) the operating of web-based betting as well as land-based leisure betting establishments situated throughout Italy and; (ii) provider of certified betting Platform software services to global leisure betting establishments and operators.

The Company's operations are carried out through the following four geographically organized groups:

- a) an operational group based in Europe that maintains administrative offices headquartered in Rome, Italy with satellite offices for operations administration in Naples and Teramo, Italy and San Gwann, Malta;
- b) an operational group based in the U.S. with offices in Las Vegas, Nevada;
- c) a technology group which is based in Innsbruck, Austria and manages software development, training, and administration; and
- d) a corporate group which is based in North America and maintains an executive suite in Las Vegas, Nevada and a space in Toronto, Ontario, Canada through which the Company carries-out corporate activities, handles day-to-day reporting and U.S. development planning, and through which various employees, independent contractors and vendors are engaged.

**2. Accounting Policies and Estimates**

**Basis of Presentation**

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") for interim financial information and the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2023 are not necessarily indicative of the results that may be expected for the fiscal year ending December 31, 2023. The balance sheet at December 31, 2022 has been derived from the Company's audited consolidated financial statements at that date but does not include all of the information and footnotes required by U.S. GAAP for complete financial statements. For further information, please refer to the consolidated financial statements and footnotes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022, as filed with the U.S. Securities and Exchange Commission ("SEC") on April 17, 2023.

All amounts referred to in the Notes to the unaudited condensed consolidated financial statements are in United States Dollars (\$) unless stated otherwise.

The Company previously had a secondary listing on the NEO exchange in Canada, which was terminated on December 31, 2021. For the purposes of its previous listing in Canada, the Company is an "SEC Issuer" as defined under National Instrument 52-107 "Accounting Principles and Audit Standards" and is relying on the exemptions of Section 3.7 of NI 52-107 and of Section 1.4(8) of the Companion Policy to National Instrument 51-102 "Continuous Disclosure Obligations" ("NI 51-102CP") which permits the Company to prepare its financial statements in accordance with U.S. GAAP.

**Principles of consolidation**

The unaudited condensed consolidated financial statements include the financial statements of the Company and its subsidiaries, all of which are wholly owned. All significant inter-company accounts and transactions have been eliminated in the unaudited condensed consolidated financial statements.

**Foreign operations**

The Company translated the assets and liabilities of its foreign subsidiaries into U.S. dollars at the exchange rate in effect at quarter end and the results of operations and cash flows at the average rate throughout the quarter. The translation adjustments are recorded directly as a separate component of stockholders' equity, while transaction gains (losses) are included in net income (loss).

All revenues were generated in Euro, Colombian Peso and U.S. dollars during the periods presented.

Gains and losses from foreign currency transactions are recognized in current operations.

**ELYS GAME TECHNOLOGY, CORP.**  
**Notes to Unaudited Condensed Consolidated Financial Statements**

**2. Accounting Policies and Estimates (continued)**

**Business Combinations**

The Company allocates the fair value of purchase consideration to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values. The excess of the fair value of purchase consideration over the fair values of these identifiable assets and liabilities is recorded as goodwill.

Such valuations require management to make significant estimates and assumptions, especially with respect to intangible assets. Significant estimates in valuing certain intangible assets include, but are not limited to, future expected cash flows from acquired users, acquired technology, and trade names from a market participant perspective, useful lives and discount rates. Management's estimates of fair value are based upon assumptions believed to be reasonable, but which are inherently uncertain and unpredictable and, as a result, actual results may differ from estimates.

**Use of Estimates**

The preparation of unaudited condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods, using accounting principles generally accepted in the United States ("U.S. GAAP") applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business. Actual results could differ from those estimates. These estimates and assumptions include valuing equity securities issued in share-based payment arrangements, determining the fair value of assets acquired, allocation of purchase price, impairment of long-lived intangible assets and goodwill, the collectability of receivables, leasing arrangements, convertible debentures, contingent purchase consideration, contingencies and the value of deferred taxes and related valuation allowances. Certain estimates, including evaluating the collectability of receivables and advances, could be affected by external conditions, including those unique to the Company's industry and general economic conditions. It is possible that these external factors could have an effect on the Company's estimates that could cause actual results to differ from the Company's estimates. The Company re-evaluates all of its accounting estimates at least quarterly based on these conditions and records adjustments when necessary.

**Loss Contingencies**

The Company may be subject to claims, suits, government investigations, and other proceedings involving competition and antitrust, intellectual property, privacy, indirect taxes, labor and employment, commercial disputes, content generated by our users, goods and services offered by advertisers or publishers using the Company's website platforms, and other matters. Certain of these matters include speculative claims for substantial or indeterminate amounts of damages. The Company records a liability when it believes that it is both probable that a loss has been incurred, and the amount can be reasonably estimated. If the Company determines that a loss is possible, and a range of the loss can be reasonably estimated, it discloses the range of the possible loss in the Notes to the Consolidated Financial Statements.

The Company evaluates, on a regular basis, developments in its legal matters that could affect the amount of liability that has been previously accrued, and the matters and related ranges of possible losses disclosed and makes adjustments and changes to our disclosures as appropriate. Significant judgment is required to determine both likelihood of there being and the estimated amount of a loss related to such matters. Until the final resolution of such matters, there may be an exposure to loss in excess of the amount recorded, and such amounts could be material. Should any of the Company's estimates and assumptions change or prove to have been incorrect, it could have a material impact on its business, consolidated financial position, results of operations, or cash flows.

To date, none of these types of litigation matters, most of which are typically covered by insurance, has had a material impact on the Company's operations or financial condition. The Company has insured and continues to insure against most of these types of claims.

**Fair Value Measurements**

ASC Topic 820, Fair Value Measurement and Disclosures, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This topic also establishes a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. There are three levels of inputs that may be used to measure fair value:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs in which little or no market data exists, therefore developed using estimates and assumptions developed by us, which reflect those that a market participant would use.

The carrying value of the Company's accounts receivables, gaming accounts receivable, lines of credit - bank, accounts payable, gaming accounts payable and bank loans payable approximate fair value because of the short-term maturity of these financial instruments.

**Derivative Financial Instruments**

ASC 815 generally provides three criteria that, if met, require companies to bifurcate conversion options from their host instruments and account for them as free standing derivative financial instruments. These three criteria include circumstances in which (a) the economic characteristics and risks of the embedded derivative instrument are not clearly and closely related to the economic characteristics and risks of the host contract, (b) the hybrid instrument that embodies both the embedded derivative instrument and the host contract is not re-measured at fair value under otherwise applicable generally accepted accounting principles with changes in fair value reported in earnings as they occur and (c) a separate instrument with the same terms as the embedded derivative instrument would be considered a derivative instrument subject to the requirements of ASC 815. ASC 815 also provides an exception to this rule when the host instrument is deemed to be conventional, as described.

**Cash and Cash Equivalents**

The Company primarily places cash balances in the U.S. with high-credit quality financial institutions located in the United States which are insured by the Federal Deposit Insurance Corporation up to a limit of \$250,000 per institution, in Canada which are insured by the Canadian Deposit Insurance Corporation up to a limit of CDN \$100,000 per institution, in Italy which is insured by the Italian deposit guarantee fund Fondo Interbancario di Tutela dei Depositi (FITD) up to a limit of €100,000 per institution, and in Germany which is a member of the Deposit Protection Fund of the Association of German Banks (Einlagensicherungsfonds des Bundesverbandes deutscher Banken) up to a limit of €100,000 per institution.

To date, the Company has not been exposed to the recent U.S. bank failures and we do not anticipate any adverse impact on the Company's cash balances.

**Gaming Accounts Receivable**

Gaming accounts receivable represent gaming deposits made by customers to their online gaming accounts either directly by credit card, bank wire, e-wallet or other accepted method through one of our websites or indirectly by cash collected at the cashier of a betting shop but not yet credited to the Company's bank accounts and subject to normal trade collection terms without discounts. The Company periodically evaluates the collectability of its gaming accounts receivable and considers the need to record or adjust an allowance for doubtful accounts based upon historical collection experience and specific customer information. Actual amounts could vary from the recorded estimates. The Company does not require collateral to support customer receivables. The Company recorded no bad debt expense for the three months ended March 31, 2023.

**ELYS GAME TECHNOLOGY, CORP.**  
**Notes to Unaudited Condensed Consolidated Financial Statements**

**2. Accounting Policies and Estimates (continued)**

**Gaming Accounts Payable**

Gaming accounts payable represent customer balances, including winnings and deposits, that are held as credits in online gaming accounts and have not as of yet been used or withdrawn by the customers. Customers can request payment of winnings from the Company at any time and the payment to customers can be made through bank wire, credit card, or cash disbursement from one of our locations. Online gaming account credit balances are non-interest bearing.

**Long Lived Assets**

The Company evaluates the carrying value of its long-lived assets for impairment by comparing the expected undiscounted future cash flows of the assets to the net book value of the assets when events or circumstances indicate that the carrying amount of a long-lived asset may not be recoverable. If the expected undiscounted future cash flows are less than the net book value of the assets, the excess of the net book value over the estimated fair value will be charged to earnings.

Fair value is based upon discounted cash flows of the assets at a rate deemed reasonable for the type of asset and prevailing market conditions, appraisals, and, if appropriate, current estimated net sales proceeds from pending offers.

**Property and Equipment**

Property and equipment is stated at acquisition cost less accumulated depreciation and adjustments for impairment losses. Expenditures are capitalized only when they increase the future economic benefits embodied in an item of property and equipment. All other expenditures are recognized as expenses in the statement of operations as incurred.

Depreciation is charged on a straight-line basis over the estimated remaining useful lives of the individual assets. Amortization commences from the time an asset is put into operation. The range of the estimated useful lives is as follows:

Description	Useful Life (in years)			
Leasehold improvements	Life of the underlying lease			
Computer and office equipment	3	to	5	years
Furniture and fittings	7	to	10	years
Computer Software	3	to	5	years
Vehicles	4	to	5	years

**Intangible Assets**

Intangible assets are stated at acquisition cost less accumulated amortization, if applicable, less any adjustments for impairment losses.

Amortization is charged on a straight-line basis over the estimated remaining useful lives of the individual intangibles. Where intangibles are deemed to be impaired the Company recognizes an impairment loss measured as the difference between the estimated fair value of the intangible and its book value.

The range of the estimated useful lives is as follows:

Description	Useful Life (in years)		
Betting Platform Software	15		
Multigioco and Rifa ADM Licenses	1.5	to	7
Location contracts	5	to	7
Customer relationships	10	to	18
Trademarks/Tradenames	10	to	14
Websites	5		
Non-compete agreements	4		

**ELYS GAME TECHNOLOGY, CORP.**  
**Notes to Unaudited Condensed Consolidated Financial Statements**

**2. Accounting Policies and Estimates (continued)**

**Goodwill**

The Company allocates the fair value of purchase consideration to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values. The excess of the fair value of purchase consideration over the fair values of these identifiable assets and liabilities is recorded as goodwill.

Such valuations require management to make significant estimates and assumptions, especially with respect to intangible assets. Significant estimates in valuing certain intangible assets include, but are not limited to, future expected cash flows from acquired users, acquired technology, and trade names from a market participant perspective, useful lives and discount rates. Management's estimates of fair value are based upon assumptions believed to be reasonable, but which are inherently uncertain and unpredictable and, as a result, actual results may differ from estimates.

The Company annually assesses whether the carrying value of its reporting unit exceeds its fair value and, if necessary, records an impairment loss equal to any such excess. Each interim reporting period, the Company assesses whether events or circumstances have occurred which indicate that the carrying amount of the reporting unit exceeds its fair value. If the carrying amount of the reporting unit exceeds its fair value, an asset impairment charge will be recognized in an amount equal to that excess.

Goodwill was recently assessed on December 31, 2022 and as of March 31, 2023 there were no qualitative indications that impairment of intangible assets or goodwill may be appropriate.

**Leases**

The Company accounts for leases in terms of ASC 842. In terms of ASC 842, the Company assesses whether any asset based leases entered into for periods longer than twelve months meet the definition of financial leases or operation leases, by evaluating the terms of the lease, including the following: the duration of the lease; the implied interest rate in the lease; the cash flows of the lease; and whether the Company intends to retain ownership of the asset at the end of the lease term.

Leases which imply that the Company will retain ownership at the end of the lease term are classified as financial leases, are included in property and equipment with a corresponding financial liability raised at the date of lease inception. Interest incurred on financial leases are expensed using the effective interest rate method.

Leases which imply that the Company will not acquire the asset at the end of the lease term are classified as operating leases, the Company's right to use the asset is reflected as a non-current right of use asset with a corresponding operational lease liability raised at the date of lease inception. The right of use asset and the operational lease liability are amortized over the right of use period using the effective interest rate implied in the operating lease agreement.

**Income Taxes**

The Company uses the asset and liability method of accounting for income taxes in accordance with ASC Topic 740, "Income Taxes." Under this method, income tax expense is recognized for the amount of: (i) taxes payable or refundable for the current year and (ii) deferred tax consequences of temporary differences resulting from matters that have been recognized in an entity's financial statements or tax returns. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the results of operations in the period that includes the enactment date. A valuation allowance is provided to reduce the deferred tax assets reported if based on the weight of the available positive and negative evidence, it is more likely than not some portion or all of the deferred tax assets will not be realized.

ASC Topic 740-10-30 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. ASC Topic 740-10-40 provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. The Company has no material uncertain tax positions for any of the reporting periods presented.

In Italy, tax years beginning 2017 forward, are open and subject to examination, while in Austria companies are open and subject to inspection for five years and ten years for inspection of serious infractions. In the United States and Canada, tax years beginning 2017 forward, are subject to examination. The Company is not currently under examination and it has not been notified of a pending examination.

**ELYS GAME TECHNOLOGY, CORP.**  
**Notes to Unaudited Condensed Consolidated Financial Statements**

**2. Accounting Policies and Estimates (continued)**

**Contingent Purchase Consideration**

The Company estimates and records the acquisition date estimated fair value of contingent consideration as part of the purchase price consideration for acquisitions. At each reporting period, the Company estimates changes in the fair value of contingent consideration, and any change in fair value is recognized in the Unaudited Condensed Consolidated Statements of Operations and Comprehensive Income (Loss). An increase in the earn-out expected to be paid will result in a charge to operations in the year that the anticipated fair value of contingent consideration increases, while a decrease in the earn-out expected to be paid will result in a credit to operations in the year that the anticipated fair value of contingent consideration decreases. The estimate of the fair value of contingent consideration requires subjective assumptions to be made regarding future operating results, discount rates, and probabilities assigned to various potential operating result scenarios. Future revisions to these assumptions could materially change the estimate of the fair value of contingent consideration and therefore, materially affect the Company's future financial results.

**Revenue Recognition**

The Company recognizes revenue when control of its products and services is transferred to its customers in an amount that reflects the consideration the Company expects to receive from its customers in exchange for those products and services. Revenues from sports-betting, casino, cash and skill games, slots, bingo and horse race wagers represent the gross pay-ins (also referred to as turnover) from customers less gaming taxes and payouts to customers. Revenues are recorded when the game is closed which is representative of the point in time at which the Company has satisfied its performance obligation. In addition, the Company receives commissions from the sale of scratch tickets and other lottery games. Commissions are recorded when the ticket for scratch off tickets and lottery tickets are sold.

Revenues from the Betting Platform include software licensing fees, training, installation, and product support services. The Company does not sell its proprietary software. Revenue is recognized when transfer of control to the customer has been made and the Company's performance obligation has been fulfilled.

- License fees are calculated as a percentage of each licensee's level of activity and are contingent upon the licensee's usage. The license fees are recognized on an accrual basis as earned.
- Training fees, installation fees are recognized when each task has been completed.
- Product support services are recognized based on the nature of the agreement with our customers, ad-hoc support service revenue will be recognized when the task is completed and revenue from product support service contracts will be recognized on a periodic basis where we charge a recurring fee to provide ongoing support services.

**Stock-Based Compensation**

The Company records its compensation expense associated with stock options and other forms of equity compensation based on their fair value at the date of grant using the Black-Scholes option pricing model. Stock-based compensation includes amortization related to stock option awards based on the estimated grant date fair value. Stock-based compensation expense related to stock options is recognized ratably over the vesting period of the option. In addition, the Company records expense related to Restricted Stock Units ("RSU's") granted based on the fair value of those awards on the grant date. The fair value related to the RSUs is amortized to expense over the vesting term of those awards. Forfeitures of stock options and RSUs are recognized as they occur.

Stock-based compensation expense for a stock-based award with a performance condition is recognized when the achievement of such performance condition is determined to be probable. If the outcome of such performance condition is not determined to be probable or is not met, no compensation expense is recognized and any previously recognized compensation expense is reversed.

**2. Accounting Policies and Estimates (continued)**

**Comprehensive Income (Loss)**

Comprehensive income (loss) is defined as the change in equity of a business enterprise during a period from transactions and other events and circumstances from non-owner sources, including foreign currency translation adjustments.

**Earnings Per Share**

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 260, “Earnings Per Share” provides for calculation of “basic” and “diluted” earnings per share. Basic earnings per share includes no dilution and is computed by dividing net income (loss) available to common shareholders by the weighted average common shares outstanding for the period. Diluted earnings per share reflects the dilutive impact on the number of shares outstanding should they be exercised. Securities that have the potential to dilute shareholder’s interests include unexercised stock options and warrants as well as unconverted debentures.

**Related Parties**

Parties are considered to be related to the Company if the parties directly or indirectly, through one or more intermediaries, control, are controlled by, or are under common control with the Company. Related parties also include principal owners of the Company, its management, members of the immediate families of principal owners of the Company and its management and other parties with which the Company may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests. The Company discloses all related party transactions. All transactions are recorded at fair value of the goods or services exchanged.

**Recent Accounting Pronouncements**

The Financial Accounting Standards Board (“FASB”) issued additional updates during the quarter ended March 31, 2023. None of these standards are either applicable to the Company or require adoption at a future date and none are expected to have a material impact on the Company’s condensed consolidated financial statements upon adoption.

**Reporting by segment**

The Company has two operating segments from which it derives revenue. These segments are:

- (i) the operating of web-based as well as land-based leisure betting establishments situated throughout Italy, and
- (ii) provider of certified betting Platform software services to leisure betting establishments in the U.S. and 9 other countries.

**3. Going Concern**

The Company’s financial statements are prepared using accounting principles generally accepted in the United States (“U.S. GAAP”) applicable to a going concern, which contemplates the realization of assets and liquidation of liabilities in the normal course of business.

The accompanying financial statements for the period ended March 31, 2023 have been prepared assuming the Company will continue as a going concern, but the ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund ongoing development work of its gaming platforms and operations until we are able to generate revenue streams from our additional gaming platforms and become profitable. These factors, individually and collectively indicate that a material uncertainty exists that raises substantial doubt about the Company’s ability to continue as a going concern for one year from the date of issuance of these unaudited condensed audited consolidated financial statements. Management’s plans to continue as a going concern include raising additional capital through sales of equity securities and borrowing. However, management cannot provide any assurances that the Company will be successful in accomplishing any of its plans. If the Company is not able to obtain the necessary additional financing on a timely basis, the Company will be required to delay, and reduce the scope of the Company’s development and operations. Continuing as a going concern is dependent upon its ability to successfully secure other sources of financing and attain profitable operations. The accompanying unaudited condensed consolidated financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

**4. Acquisition of subsidiaries**

On January 29, 2023 (the “Closing Date”), the Company entered into a Share Purchase Agreement (the “Purchase Agreement”) to acquire 100% of Engage IT Services, Srl, a company organized under the laws of Italy (“Engage IT”), from its founding shareholders (the “Sellers”). The Purchase Agreement provided that, upon the terms and subject to the conditions set forth therein, the Company would acquire all of the shares of Engage IT and Engage IT became a wholly owned subsidiary of Elys.

Founded in 2016 by the Company’s current Head of Global Technology, Luca Pasquini, along with Alessandro Alpi and Michael Denney, Engage IT employs 27 specialist technicians, developers and software engineers that specialize in the design, implementation and management of SQL databases, agile project management, and solutions based on the Microsoft cloud platform (Azure) and in the development of .NET applications. Since 2016, Engage has also provided contract services to the Company, playing a key role in the development of the Company’s Elys Gameboard sportsbook technology and Player Account Management Platform (PAM).

Pursuant to the terms of the Purchase Agreement, on the Closing Date, the Company paid the “Dollar Equivalent” of €1,080,000 for all of the shares of Engage IT on a debt free basis, which amount may be increased or decreased based on the working capital surplus or deficit, and any indebtedness due to or from Engage IT by or from any one or more of the Sellers to be determined 10 days prior to June 30, 2023. The Company satisfied the payment by the issuance 3,018,461 shares of common stock (the “Exchange Shares”), valued at \$1,735,615, equal to the “Dollar Equivalent” of the Purchase Price, calculated at the exchange rate at the time of closing, at a price equal to the volume weighted average price per share (calculated to the nearest one-hundredth of one cent) of the Company’s common stock for the twenty consecutive trading days beginning on the twenty-third trading day immediately preceding the Closing Date and concluding at the close of trading on the third trading day immediately preceding the Closing Date or US \$0.39 per share, which may be adjusted for any stock split, reverse stock split, stock dividend, recapitalization, combination, exchange or similar event; or any subsequent equity sale or rights offering of Elys, and is subject to shareholder approval if required. Additionally, the Company may repurchase the Exchange Shares in cash in whole or in part at any time on or prior to June 30, 2023.

The Purchase Agreement contains customary representations, warranties and covenants of Elys and the Sellers. Subject to certain customary limitations, the Sellers have agreed to indemnify Elys and its officers and directors against certain losses related to, among other things, breaches of the Sellers’ representations and warranties, certain specified liabilities and the failure to perform covenants or obligations under the Purchase Agreement.

The preliminary purchase price allocation was as follows:

	<b>Amount</b>
<b>Consideration</b>	
3,018,461 shares of common stock at fair market value	\$ 1,735,615
<b>Total purchase consideration</b>	<b>\$ 1,735,615</b>

**4. Acquisition of subsidiaries (continued)**

The amount of revenue and earnings included in the Company's consolidated statement of operations and comprehensive income (loss) for the three months ended March 31, 2023 and the revenue and earnings of the combined entity had the acquisition date been January 1, 2022, is presented as follows:

	<u>Revenue</u>	<u>Earnings</u>
Actual for the period from acquisition to March 31, 2023	\$ —	\$ (9,433)
2023 supplemental pro forma from January 1, 2023 to March 31, 2023	\$ 12,432,146	\$ (2,322,347)
2022 supplemental pro forma from January 1, 2022 to March 31, 2022	\$ 12,237,047	\$ (2,594,794)

The 2023 supplemental pro forma information was adjusted to exclude \$75,062 of intercompany profit that would not have been capitalized to platform costs, the associated adjustment to amortization expense of platform costs amounting to \$1,251 and, the associated deferred taxation calculated on the elimination of the intercompany profit and adjustment to amortization expense amounting to \$15,500. The 2022 supplemental pro forma information was adjusted to exclude \$88,615 of intercompany profit that would not have been capitalized to platform costs and an estimated once-off legal expense of \$15,000, that would not have been incurred had this transaction taken place on January 1, 2022. There was no associated adjustment to amortization expense as the platform cost associated with the intercompany profit was not being depreciated during the three months ended March 31, 2022.

**5. Restricted Cash**

Restricted cash consists of cash held in a segregated bank account at Intesa Sanpaolo Bank S.p.A. ("Intesa Sanpaolo Bank") as collateral against the Company's operating line of credit with Intesa Sanpaolo Bank. The Company no longer has an operating line of credit and will apply for the release of the restricted cash.

**6. Property and equipment**

	<u>\$ 2,578,002</u>	<u>\$ (1,475,801)</u>	<u>\$ 1,102,201</u>	<u>\$ 610,852</u>

The aggregate depreciation charge to operations was \$62,228 and \$51,251 for the three months ended March 31, 2023 and 2022, respectively. The depreciation policies followed by the Company are described in Note 2.

**7. Leases**

The Company's portfolio of leases contains both finance and operating leases that relate to real estate agreements, vehicles and office equipment agreements.

*Operating leases*

*Real estate agreements*

The Company has several property lease agreements in Italy and Austria and one lease agreement in the U.S. which have terms in excess of a twelve month period, these property leases are for our administrative operations in these countries. The Company does not and does not intend to take ownership of the properties at the end of the lease term.

**12. Convertible notes payable**

On January 30, 2023 (the "Closing Date"), the Company closed a private placement offering of up to 2,000 units and entered into Subscription Agreements with a group of accredited investors (the "Investors"), which Investors included Braydon Capital Corp. a company owned by Claudio Ciavarella, a related party and brother of the Company's Executive Chairman, Michele Ciavarella. Each Unit sold to Investors was sold at a per unit price of \$1,000 and was comprised of (i) a 12% convertible debenture in the principal amount of \$1,000 (the "Debentures"), and (ii) warrants to purchase shares of the Company's common stock (the "Warrants").

The Investors purchased a total of 850 units and the Company issued Debentures for the total principal amount of \$850,000 (the "Principal Amount") to the Investors and warrants to purchase 2,179,487 shares of common stock of the Company.

**ELYS GAME TECHNOLOGY, CORP.**  
**Notes to Unaudited Condensed Consolidated Financial Statements**

**12. Convertible notes payable (continued)**

The Debentures mature three years from their date of issuance and bear interest at a rate of 2% per annum compounded annually and payable on the maturity date. Each Debenture is convertible, at the option of the holder, at any time, into such number of shares of common stock of the Company equal to the principal amount of the Debenture plus all accrued and unpaid interest at a price equal to the volume weighted average price per share (calculated to the nearest one-hundredth of one cent) of the Company's common stock on the Nasdaq stock market for the period of twenty consecutive trading days beginning on the twenty-third trading day immediately preceding the Closing Date and concluding at the close of trading on the third trading day immediately preceding the Closing Date, subject to adjustment as provided in the Debenture, at any time up to the Maturity Date. The Debentures are initially convertible into 2,179,487 shares of common stock, subject to anti-dilution adjustment as provided in the Debentures. The holder is guaranteed to receive a minimum of five months of interest in the event of an early repayment ("Redemption") by the Company.

In addition, the Company may accelerate this right of conversion on at least ten (10) business days prior written notice to the Holder if there is an effective Registration Statement registering, or a current prospectus available for, the resale of the common shares issuable on the conversion and (i) the closing price of the Company's common shares exceeds two hundred (200%) per cent of the Conversion Price for five (5) trading days in a thirty (30) day period or (ii) the Company wishes to redeem or pre-pay the Debentures prior to the Maturity Date.

If at any time that the common shares issuable to the Investors on conversion of the Debenture in whole or in part would be free trading without resale restrictions or statutory hold periods, the Debenture is redeemable by the Company at any time or times prior to the Maturity Date on not less than ten (10) Business Days prior written notice from the Company to the Investor of the proposed date of Redemption (the "Redemption Date"), without bonus or penalty, provided, however, that prior to the Redemption Date, the Investor has the right to convert the whole or any part of the principal and accrued and unpaid interest of the Debenture into common shares of the Company.

The warrants are exercisable at an exercise price equal to the volume weighted average price per share (calculated to the nearest one-hundredth of one cent) of the Company common stock on the Nasdaq stock market for the period of twenty consecutive trading days beginning on the twenty-third trading day immediately preceding the Closing Date and concluding at the close of trading on the third trading day immediately preceding the Closing Date, subject to adjustment as provided in the Warrant and expire three years after the issuance date. Each warrant is exercisable on a cashless basis in the event that there is not an effective registration statement registering the shares underlying the warrant at the time of exercise. The initial exercise price of the warrant is \$0.39 per share, subject to a down-round adjustment to a floor exercise price of \$0.35 per share.

The Company may accelerate the right to exercise the Warrant on at least ten (10) business days prior written notice to the Holder if there is an effective Registration Statement registering, or a current prospectus available for, the resale of the common shares issuable on exercise of the Warrant and the closing price of the Company's common shares exceeds two hundred (200%) per cent of the Exercise Price for five (5) trading days in a thirty (30) day period.

The Warrants and Debentures provide that if the Company issues or sells common stock of securities convertible or exercisable into common stock for a price lower than the exercise price of conversion price that the exercise price and conversion price will be reduced to such price, subject to a floor price of \$0.35 and subject to certain exempt issuances set forth in the Debenture and Warrant.

The number of shares of common stock that may be issued upon exercise of the Warrants and Debentures is subject to an Exchange Cap (as defined in the Debentures and Warrants) unless shareholder approval to exceed the Exchange Cap is approved. The parties agree to amend the Debentures and Warrants as necessary in order to comply with the requirements of the Nasdaq Capital Markets.

On March 5, 2023, the Company obtained written consents from holders of shares of Common Stock representing approximately 54.1% of the total issued and outstanding shares of voting stock of the Company on March 1, 2023, the record date, approving the for purposes of The Nasdaq Stock Market LLC Rules 5635 (b) and 5635(d), the issuance of all of the outstanding shares of the Company's Common Stock to be issued upon (i) conversion of the Debentures and (ii) exercise of the common stock purchase warrants, dated January 30, 2023, issued to such investors by us pursuant to the Subscription Agreement.

The convertible notes were evaluated in terms of ASC 470, Debt, and is carried at amortized cost. The warrants issued in conjunction with the convertible notes were evaluated in terms of ASC 480, Distinguishing Liabilities from Equity and in terms of ASC 815, Derivatives and Hedging, the Company determined that the warrants met the definition of equity in terms of ASC 480 and did not fall within the scope of ASC 815, therefore the value of the warrants, determined using a Black-Scholes valuation model (see note 16 below), was recorded as a debt discount which is amortized using the effective interest method over the term of the convertible notes.

The Company has recorded a restricted stock expense of \$171,422 for the three months March 31, 2023.

**16. Warrants**

On January 30, 2023, as disclosed in note 12 above, the Company closed a private placement offering of up to 2,000 units and entered into Subscription Agreements with a group of accredited investors (the "Investors"), which Investors included Braydon Capital Corp. a company owned by Claudio Ciavarella, a related party and brother of the Company's Executive Chairman, Michele Ciavarella. Each Unit sold to Investors was sold at a per unit price of \$1,000 and was comprised of (i) a 12% convertible debenture in the principal amount of \$1,000 (the "Debentures"), and (ii) warrants to purchase shares of the Company's common stock (the "Warrants").

The Investors purchased a total of 850 units and the Company issued Debentures for the total principal amount of \$850,000 (the "Principal Amount") to the Investors and warrants to purchase 2,179,487 shares of common stock of the Company.

The warrants are exercisable at an exercise price equal to the volume weighted average price per share (calculated to the nearest one-hundredth of one cent) of the Company common stock on the Nasdaq stock market for the period of twenty consecutive trading days beginning on the twenty-third trading day immediately preceding the Closing Date and concluding at the close of trading on the third trading day immediately preceding the Closing Date, subject to adjustment as provided in the Warrant and expire three years after the issuance date. Each warrant is exercisable on a cashless basis in the event that there is not an effective registration statement registering the shares underlying the warrant at the time of exercise. The initial exercise price of the warrant is \$0.39 per share, subject to a down-round adjustment to a floor exercise price of \$0.35 per share.

The Company may accelerate the right to exercise the Warrant on at least ten (10) business days prior written notice to the Holder if there is an effective Registration Statement registering, or a current prospectus available for, the resale of the common shares issuable on exercise of the Warrant and the closing price of the Company's common shares exceeds two hundred (200%) per cent of the Exercise Price for five (5) trading days in a thirty (30) day period.

The Warrants provide that if the Company issues or sells common stock of securities convertible or exercisable into common stock for a price lower than the exercise price of conversion price that the exercise price and conversion price will be reduced to such price, subject to a floor price of \$0.35 and subject to certain exempt issuances set forth in the Debenture and Warrant.

The number of shares of common stock that may be issued upon exercise of the Warrants and Debentures is subject to an Exchange Cap (as defined in the Debentures and Warrants) unless shareholder approval to exceed the Exchange Cap is approved. The parties agree to amend the Debentures and Warrants as necessary in order to comply with the requirements of the Nasdaq Capital Markets.

On February 14, 2023, the Company engaged Shareholder Intelligence Services, LLC ("ShareIntel") to utilize their patented, proprietary service offerings to obtain share trading analytic metrics designed to determine if the Company has been the target of improper and potentially illegal trading activities, including illegal naked short selling, in an effort to allow the Company to better monitor trading activity, including potential violations of SEC Regulation SHO, which governs stock and option share locate, close out and fail to deliver requirements.

The Company issued a warrant to purchase up to 200,000 shares of Common Stock to ShareIntel, as consideration for services provided. The Consultant Warrant is exercisable at a price of \$0.89 per share and vests at a rate of 1,000 warrant shares for each reduction of 10,000 shares of Reduction in Imbalances (Shorts), and will expire three years from the date of issuance. These warrants only vest upon the attainment of the goals discussed above.

**17. Stock Options**

On November 21, 2022, the Board approved an Amendment to the Plan (“Amendment No. 3”) to increase by 9,000,000 the number of shares that may be granted under the Plan. Amendment No. 3 to the 2018 Plan will increase the number of shares of common stock with respect to which awards may be granted under the 2018 Plan from an aggregate of 7,000,000 shares of Common Stock to 16,000,000 shares of common stock.

On December 30, 2022, the Company held its 2022 Annual Meeting of Stockholders. At the Annual Meeting, the Company’s stockholders approved amendment 3 to the Company’s 2018 Equity Incentive Plan to increase the number of shares of common stock that the Company will have authority to grant under the plan by an additional 9,000,000 shares of common stock.

On February 14, 2023, the Compensation Committee of the Company’s Board granted the Company’s non-executive directors, under the Company’s Stock Incentive Plan; (i) an award of 131,631 stock options to each of Steven Shallcross and Andrea Mandell-Mantello, of which 54,753 vested immediately and the remaining 76,878 vest monthly over a ten month period; and (ii) an award of 154,132 stock options to Paul Sallwasser, of which 77,254 vested immediately and 76,878 vest monthly over a ten month period.

The options awarded during the three months ended March 31, 2023 were valued at the date of issuance using a Black-Scholes pricing model.

The following assumptions were used in the Black-Scholes model:

	<b>Three months ended March 31, 2023</b>
Exercise price	\$ 0.89

**19. Net Loss per Common Share**

Basic loss per share is based on the weighted-average number of common shares outstanding during each period. Diluted loss per share is based on basic shares as determined above, plus the incremental shares that would be issued upon the assumed exercise of “in-the-money” warrants using the treasury stock method and the inclusion of all convertible securities, including convertible debentures, assuming these securities were converted at the beginning of the period or at the time of issuance, if later. The computation of diluted net loss per share does not assume the issuance of common shares that have an anti-dilutive effect on net loss per share.

For the three months ended March 31, 2023 and 2022, the following restricted shares, options, warrants and convertible debentures were excluded from the computation of diluted loss per share as the result of the computation was anti-dilutive:

Description	Three Months ended March 31, 2023	Three Months ended March 31, 2022

**21. Subsequent Events**

On May 5, 2023 (the "Closing Date"), the Company closed a private placement offering of up to 1,500 units and entered into a Subscription Agreement with a single accredited investor, Gold Street Capital Corp. (the "Investor"), which is a company owned by Gilda Pia Ciavarella, a related party and spouse of the Company's Executive Chairman, Michele Ciavarella. Each Unit sold to the Investor was sold at a per unit price of \$1,000 and was comprised of (i) a 12% convertible debenture in the principal amount of \$1,000 (the "Debentures"), and (ii) warrants to purchase shares of the Company's common stock (the "Warrants").

The Investor purchased a total of 1,500 units and the Company issued Debentures for the total principal amount of \$1,500,000 (the "Principal Amount") to the Investor and warrants to purchase 3,138,075 shares of common stock of the Company.

The Debentures mature three years from their date of issuance and bear interest at a rate of 12% per annum compounded annually and payable on the maturity date. Each Debenture is convertible, at the option of the holder, at any time, into such number of shares of common stock of the Company equal to the principal amount of the Debenture plus all accrued and unpaid interest at a price equal to \$0.48 per share or the Nasdaq consolidated closing bid price of the Company common stock on the Nasdaq stock market on the Closing Date, subject to adjustment as provided in the Debenture, at any time up to the Maturity Date. The Debentures are initially convertible into 3,138,075 shares of common stock, subject to anti-dilution adjustment as provided in the Debentures. The holder is guaranteed to receive a minimum of five months of interest in the event of an early repayment by the Company.

In addition, the Company may accelerate this right of conversion on at least ten business days prior written notice to the Holder if there is an effective Registration Statement registering, or a current prospectus available for, the resale of the common shares issuable on the conversion and (i) the closing price of the Company's common shares exceeds two hundred percent of the Conversion Price for five trading days in a thirty day period or (ii) the Company wishes to redeem or pre-pay the Debentures prior to the Maturity Date.

If at any time that the common shares issuable to the Investor on conversion of the Debentures in whole or in part would be free trading without resale restrictions or statutory hold periods, the Debentures are redeemable by the Company at any time or times prior to the Maturity Date on not less than ten Business Days prior written notice from the Company to the Investor of the proposed date of Redemption (the "Redemption Date"), without bonus or penalty, provided, however, that prior to the Redemption Date, the Investor has the right to convert the whole or any part of the principal and accrued and unpaid interest of the Debentures into common shares of the Company.

The Warrants are exercisable at an exercise price equal to \$0.48 per share or the Nasdaq consolidated closing bid price of the Company common stock on the Nasdaq stock market on the Closing Date, subject to adjustment as provided in the Warrant and expire three years after the issuance date. Each Warrant is exercisable on a cashless basis in the event that there is not an effective registration statement registering the shares underlying the Warrant at the time of exercise.

The Company may accelerate the right to exercise the Warrants on at least ten business days prior written notice to the Holder if there is an effective Registration Statement registering, or a current prospectus available for, the resale of the common shares issuable on exercise of the Warrants and the closing price of the Company's common shares exceeds two hundred percent of the Exercise Price for five trading days in a thirty day period.

The Warrants and Debentures provide that if the Company issues or sells common stock of securities convertible or exercisable into common stock for a price lower than the exercise price of conversion price that the exercise price and conversion price will be reduced to such price, subject to a floor price of \$0.35 and subject to certain exempt issuances set forth in the Debenture and Warrant.

The number of shares of common stock that may be issued upon conversion of the Debentures and exercise of the Warrants is subject to an Exchange Cap (as defined in the Debenture and Warrant) unless shareholder approval to exceed the Exchange Cap is approved. The parties agree to amend the Debentures and Warrants as necessary in order to comply with the requirements of the Nasdaq Capital Markets.

The Debentures are secured by a senior security interest in all of the assets of the Company pursuant to a Security Agreement. The Company's primary assets consist of certain business operations and licenses in multiple jurisdictions, trademarks and other intellectual property, betting technology and products. Following an event of default under the Debenture, the Investor will have all available rights under the Security Agreement and applicable law to enforce their rights as a secured creditor, including to sell, assign, transfer, pledge, encumber or otherwise dispose of the secured assets, and to exercise any other available rights and remedies upon the occurrence of an event of default as described in the Debenture.

Other than disclosed above, the Company has evaluated subsequent events through the date the financial statements were issued and did not identify any other subsequent events that would have required adjustment or disclosure in the financial statements.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

*This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of Section 27A of the Securities Act, and Section 21E of the Exchange Act. All statements other than statements of historical fact could be deemed forward-looking statements. Statements that include words such as "may," "might," "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," "pro forma" or the negative of these words or other words or expressions of and similar meaning may identify forward-looking statements. For example, forward-looking statements include any statements of the plans, strategies and objectives of management for future operations, including the execution of integration and restructuring plans and the anticipated timing of filings; any statements concerning proposed new products, services or developments; any statements regarding future economic conditions or performance; statements of belief and any statement of assumptions underlying any of the foregoing. Factors that might cause such differences include, but are not limited to, those discussed in our Annual Report on Form 10-K for the year ended December 31, 2022 filed with the Securities and Exchange Commission on April 17, 2023 under the heading "Risk Factors" and the Risk Factors as described in Item 1A of this Quarterly Report on Form 10-Q for the quarter ended March 30, 2023.*

### Overview

Except as expressly stated, the financial condition and results of operations discussed throughout the Management's Discussion and Analysis of Financial Condition and Results of Operations are those of Elys Game Technology, Corp. and its consolidated subsidiaries.

We currently provide our B2C gaming services in Italy through our subsidiary, Multigioco, which operations are carried out via both land-based retail or online interactive gaming licenses regulated by the Agenzia delle Dogane e dei Monopoli ("ADM") that permits us to distribute leisure betting products such as sports betting, and virtual sports betting products through both physical, land-based locations as well as online through our licensed website [www.newgioco.it](http://www.newgioco.it) or commercial webskins linked to our licensed website and through mobile devices. Management implemented a consolidation strategy in the Italian market by integrating all B2C operations into Multigioco and allowed the Austria Bookmaker license that was regulated by the BMF to terminate.

We also provide bookmaking services in the U.S. market via our subsidiary US Bookmaking and Gameboard in certain regulated states where we offer B2B bookmaking and platform services to our customers. Our intention is to focus our attention on expanding the U.S. market. The Company operates in Washington D.C. through a Class B Managed Service Provider and Class B Operator license to operate a sportsbook within the Grand Central Restaurant and Sportsbook located in the Adams Morgan district and the Over Under Sportsbook Rooftop Lounge in Washington, D.C. In March 2022 the Company began providing platform and bookmaking services at Ocean Casino Resort in Atlantic City, New Jersey, and through its acquisition of US Bookmaking, the Company also provides sportsbook services to tribal casinos in New Mexico, North Dakota, Colorado and Michigan.

Additionally, we provide B2B gaming technology through our Odissea subsidiary which owns and operates a betting software designed with a unique "distributed model" architecture colloquially named Elys. The Platform is a fully integrated "omni-channel" framework that combines centralized technology for updating, servicing and operations with multi-channel functionality to accept all forms of customer payment through the two distribution channels described above. The omni-channel software design is fully integrated with a built-in player gaming account management system, built-in sports book and a virtual sports platform through our Virtual Generation subsidiary. The Platform also provides the seamless integration of application programming interface of third-party supplied products such as online casino, poker, lottery and horse racing and has the capability to incorporate e-sports and daily fantasy sports providers. Management implemented a growth strategy to expand B2B gaming technology operations in the U.S. and is considering further expansion in Canada and Latin American countries in the near future.

Our corporate group is based in North America, which includes an executive suite situated in Las Vegas, Nevada and an office in Toronto, Ontario, Canada through which we carry-out corporate activities, handle day-to-day reporting and U.S. development planning, and through which various employees, independent contractors and vendors are engaged.

For the three months ended March 31, 2023, transaction revenue generated through our subsidiary Multigioco consisted of wagering and gaming transaction income broken down to: (i) spread on sports bet wagers, and (ii) fixed rate commissions on casino, poker, lotto and horse racing wagers from online based betting web-shops and websites as well as land-based retail betting shops located throughout Italy; while our service revenue generated by our Platform is primarily derived from bet and wager processing in Italy through Multigioco, and in the U.S., through Gameboard and US Bookmaking.

We believe that our Platform is considered one of the newest betting software platforms in the world and our plan is to expand our Platform offering to new jurisdictions around the world on a B2B basis, including expansion through Europe, South America, South Africa and the developing market in the United States. During the three months ended March 31, 2023 and 2022, we also generated service revenue from royalties through authorized agents by providing our virtual sports products through our Virtual Generation subsidiary and generated service revenues through the provision of bookmaking and platform services through our subsidiaries, US Bookmaking and Gameboard. We intend to leverage our partnerships in Europe, South America, South Africa and the developing market in the United States to cross-sell our Platform services to expand the global distribution of our betting solutions.

We operate two business segments in the leisure gaming industry and our revenue is derived as follows:

1. **Betting establishments**

Transaction revenue through our offering of leisure betting products to retail customers directly through our online distribution on websites or a betting shop establishment or through third party agents that operate white-label websites and/or land-based retail venues; and

2. **Betting platform software and services**

SaaS based service revenue through the provision of our Platform and virtual sports products to betting operators.

This Management's Discussion and Analysis includes a discussion of our operations for the three months ended March 31, 2023 and 2022, which includes the operations of Engage IT for the two months ended March 31, 2023.

**Operational Developments**

Management continues to focus on reducing operating expenditure wherever possible without impacting negatively on operations. During the three months ended March 31, 2023, our European operations, consisting of Multigioco, Odissea, Ulisse, and Virtual Generation and Elys Technology Services had a net loss of approximately \$0.4 million compared to a net profit of approximately \$0.08 million in the prior period, primarily due to an increase in selling expenses of \$0.6 million associated with the increase in promotional activity in our newly launched land-based locations. We have worked diligently and reduced the operating expenditure at our US Bookmaking subsidiary from \$1.0 million in the prior period to \$0.2 million in the current period, an improvement of \$0.8 million. We reduced our corporate expenses from \$1.7 million in the prior period to \$1.5 million in the current period, primarily due to a reduction in personnel costs of \$0.5 million, which included an increase in stock based compensation of \$0.08 million primarily due to the issuance of restricted shares to our group IT personnel, offset by an increase in professional fees of \$0.08 million, primarily related to a consulting arrangement with a European based professional and an adverse movement in foreign currency losses of \$0.16 million due to the weakening of the dollar against the Euro during the current period.

**Global Issues**

*Inflation*

Macro-economic conditions could affect consumer spending adversely and consequently our future operating results. The U.S. has entered a period of significant inflation, and this may impact consumption of our products and services and may increase our costs overall. However, as of the date of this report, we have not seen a material impact on our business plan due to recent inflationary concerns in the U.S.

*Foreign Exchange Risks*

We operate in several foreign countries, including Italy and Colombia. Changes and fluctuations in the foreign exchange rate between the U.S. Dollar and other foreign currencies, including the Euro and the Colombian Peso, may in future have an effect our results of operations.

## Recent Developments

### *Convertible debenture issuance*

On May 5, 2023, we closed a private placement offering of 1,500 units and entered into a Subscription Agreement with a single accredited investor, Gold Street Capital Corp., which is a company owned by Gilda Pia Ciavarella, a related party and spouse of our Executive Chairman, Michele Ciavarella. Each Unit sold to the Investor was sold at a per unit price of \$1,000 and was comprised of (i) a 12% convertible debenture in the principal amount of \$1,000 (the "Debentures"), and (ii) warrants to purchase shares of the Company's common stock (the "Warrants"). A total of 1,500 units were sold and a warrant to purchase 3,138,075 shares of our common stock was issued.

The Debentures mature three years from their date of issuance and bear interest at a rate of 12% per annum compounded annually and payable on the maturity date. Each Debenture is convertible, at the option of the holder, at any time, into such number of shares of our common stock equal to the principal amount of the Debenture plus all accrued and unpaid interest at a price equal to \$0.48 per share or the Nasdaq consolidated closing bid price of the Company common stock on the Nasdaq stock market on the Closing Date, subject to adjustment as provided in the Debenture, at any time up to the Maturity Date. The Debentures are initially convertible into 3,138,075 shares of common stock, subject to anti-dilution adjustment as provided in the Debentures. The holder is guaranteed to receive a minimum of five months of interest in the event of an early repayment by us.

In addition, we may accelerate this right of conversion on at least ten business days prior written notice to the Holder if there is an effective Registration Statement registering, or a current prospectus available for, the resale of the common shares issuable on the conversion and (i) the closing price of our common shares exceeds two hundred percent of the Conversion Price for five trading days in a thirty day period or (ii) we wish to redeem or pre-pay the Debentures prior to the Maturity Date.

If at any time that the common shares issuable to the Investor on conversion of the Debentures in whole or in part would be free trading without resale restrictions or statutory hold periods, the Debentures are redeemable by us at any time or times prior to the Maturity Date on not less than ten Business Days prior written notice from us to the Investor of the proposed date of Redemption (the "Redemption Date"), without bonus or penalty, provided, however, that prior to the Redemption Date, the Investor has the right to convert the whole or any part of the principal and accrued and unpaid interest of the Debentures into our common shares.

The Warrants are exercisable at an exercise price equal to \$0.48 per share or the Nasdaq consolidated closing bid price of our common stock on the Nasdaq stock market on the Closing Date, subject to adjustment as provided in the Warrant and expire three years after the issuance date. Each Warrant is exercisable on a cashless basis in the event that there is not an effective registration statement registering the shares underlying the Warrant at the time of exercise.

We may accelerate the right to exercise the Warrants on at least ten business days prior written notice to the Holder if there is an effective Registration Statement registering, or a current prospectus available for, the resale of the common shares issuable on exercise of the Warrants and the closing price of our common shares exceeds two hundred percent of the Exercise Price for five trading days in a thirty day period.

The Warrants and Debentures provide that if we issue or sell common stock of securities convertible or exercisable into common stock for a price lower than the exercise price of conversion price that the exercise price and conversion price will be reduced to such price, subject to a floor price of \$0.35 and subject to certain exempt issuances set forth in the Debenture and Warrant.

The number of shares of common stock that may be issued upon conversion of the Debentures and exercise of the Warrants is subject to an Exchange Cap (as defined in the Debenture and Warrant) unless shareholder approval to exceed the Exchange Cap is approved. The parties agree to amend the Debentures and Warrants as necessary in order to comply with the requirements of the Nasdaq Capital Markets.

The Debentures are secured by a senior security interest in all of our assets, pursuant to a Security Agreement. Our primary assets consist of certain business operations and licenses in multiple jurisdictions, trademarks and other intellectual property, betting technology and products. Following an event of default under the Debenture, the Investor will have all available rights under the Security Agreement and applicable law to enforce their rights as a secured creditor, including to sell, assign, transfer, pledge, encumber or otherwise dispose of the secured assets, and to exercise any other available rights and remedies upon the occurrence of an event of default as described in the Debenture.

### *Critical Accounting Estimates*

The critical accounting policies that involved significant estimation included the following:

Preparation of our consolidated financial statements in accordance with U.S. generally accepted accounting principles ("GAAP") requires us to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, revenues and expenses, as well as related disclosure of contingent assets and liabilities. Significant accounting policies are fundamental to understanding our financial condition and results as they require the use of estimates and assumptions which affect the financial statements and accompanying notes. See Note 2 - Summary of Significant Accounting Policies of the Notes to the condensed Consolidated Financial Statements included in Part I, Item I of this Form 10-Q for further information.

### Recently Issued Accounting Pronouncements

See Note 2 - Summary of Significant Accounting Policies of the Notes to the Condensed Consolidated Financial Statements included in this Quarterly Report on Form 10-Q for information regarding recently issued accounting standards.

### Results of Operations

#### Results of Operations for the three months ended March 31, 2023 and the three months ended March 31, 2022

#### Revenues

The following table represents disaggregated revenues from our gaming operations for the three months ended March 31, 2023 and 2022. Net Gaming Revenues represents Turnover (also referred to as “Handle”), the total bets processed for the period, less customer winnings paid out, and taxes due to government authorities, Service Revenues is revenue invoiced for our Elys software service and royalties invoiced for the sale of virtual products.

## ***Total Revenues***

The change in total revenues is primarily due to the following:

### **Web-based turnover**

Our web-based turnover was approximately \$199.9 million (€186.3 million) and \$215.8 million (€192.2 million) for the three months ended March 31, 2023 and 2022, respectively, a decrease of \$15.9 million or 7.4%, but a decrease in Euro based turnover of €5.9 million or 3.1%. Refer to currency impact on web-based turnover below.

We highlight the following movements in our web-based Euro turnover; (i) sports betting turnover increased significantly by €10.0 million or 26.6%; (ii) our casino gaming turnover increased by approximately €3.3 million or 2.7%; offset by (iii) a reduction in on-line poker gaming turnover of €18.7 million or 68.4%. This is in line with our strategy to focus our attention on higher margin turnover.

For the three months ended March 31, 2023 and 2022, all of our web-based turnover was generated by Multigioco.

### ***Currency impact on Web-based turnover***

Our web-based turnover expressed in Euro decreased by approximately €5.9 million or 3.1%, however in U.S dollars we recorded a decrease in turnover of \$15.9 million or 7.4%. The strengthening of the average U.S. dollar exchange rate against the Euro during the 2023 current quarter from \$1.122538 to \$1.073241 or 4.4%, using the 2022 average exchange rate of \$1.122538, we would have realized turnover of \$209.1 million compared to \$215.8 million for the three months ended March 31, and 2022, respectively a decrease of \$6.7 million. The strengthening of the U.S. dollar against the Euro resulted in a \$9.2 million adverse swing in our turnover.

### **Land-based turnover**

Our land-based turnover was approximately \$8.6 million (€8.0 million) and \$1.8 million (€1.6 million) for the three months ended March 31, 2023 and 2022, respectively, an increase of \$6.8 million or 380.0%, but an increase in Euro based turnover of €6.4 million or 402.1%. Refer to currency impact on land-based turnover below.

During the three months ended March 31, 2023, the 53 newly activated land-based locations had a significantly positive impact on our land-based turnover and our GGR, discussed below.

We highlight that our land-based Euro turnover increased by €6.4 million or 402.1%, including an increase in sports betting turnover of €5.4 million or 720.1% and virtual sports betting increased by €1.0 million or 173.3%, as a direct result of the increase in our number of land-based locations. Sports betting and virtual sports betting is typically higher margin turnover for us.

For the three months ended March 31, 2023, all of our land-based turnover was generated by Multigioco.

### ***Currency impact on land-based turnover***

Our land-based turnover expressed in Euro increased by approximately €6.4 million or 402.1%, however in U.S dollars we recorded an increase in turnover of \$6.8 million or 380.0%. The strengthening of the average U.S. dollar exchange rate against the Euro during the 2023 current quarter from \$1.122538 to \$1.073241 or 4.4%, using the 2022 average exchange rate of \$1.122538, we would have realized turnover of \$8.9 million compared to \$1.8 million for the three months ended March 31, 2023 and 2022, respectively an increase of \$7.1 million. The strengthening of the U.S. dollar against the Euro resulted in a \$0.3 million adverse swing in our turnover.

### **Gross Gaming Revenue (“GGR”)**

Gross gaming revenue was approximately \$15.6 million (€14.5 million) and \$15.3 million (€13.6 million) for the three months ended March 31, 2023 and 2022, respectively, an increase of \$0.3 million or 1.9%, but an increase in Euro based GGR of €0.9 million or 6.5%. Refer to currency impact on gross gaming revenues below.

The percentage of payouts on web-based turnover remained constant at 93.1% and on land-based turnover declined to 79.0% from 78.4%, for the three months ended March 31, 2023 and 2022, respectively.

The return on casino type games is typically fixed at a certain percentage while the return on skill games is dependent on the skill of the players but does not vary significantly from year to year, however the return on sports betting is dependent on the outcome of the sporting games which is unpredictable and is managed by our risk management team, generally producing a better return than the other revenue streams.

The turnover mix impacts our Gross Gaming Revenue (“GGR”). Our turnover for the three months ended March 31, 2023, is as follows: sports betting turnover represented 27.6% (March 31, 2022 – 19.7%); casino style games represented 71.3% (March 31, 2022 – 79.5%); and other was 1.1% (March 31, 2022 – 0.8%).

The margin earned on our sports book averaged 15.9% (March 31, 2022 – 18.3%) and our casino style games averaged 4.2% (March 31, 2022 – 4.3%), resulting in a blended GGR of 7.5% (March 31, 2022 – 7.0%). The significant increase in sports betting turnover had a positive impact on blended GGR, despite the decline in the sports betting margins from the prior period.

#### ***Currency impact on gross gaming revenues***

Our GGR expressed in Euro increased by approximately €0.9 million or 6.5%, however in U.S dollars we recorded an increase in GGR of \$0.3 million or 1.9%. The strengthening of the average U.S. dollar exchange rate against the Euro during the 2023 current quarter from \$1.122538 to \$1.073241 or 4.4%, using the 2022 average exchange rate of \$1.122538, we would have realized GGR of \$16.3 million compared to \$15.3 million for the three months ended March 31, 2023 and 2022, respectively an increase of \$1.0 million. The strengthening of the U.S. dollar against the Euro resulted in a \$0.7 million adverse swing in our GGR.

#### **Gaming Taxes**

Gaming taxes decreased by approximately \$0.009 million or 0.2%. Gaming taxes are a percentage of GGR and decreased to 24.0% from 24.4%, for the three months ended March 31, 2023 and 2022, respectively. The decrease is primarily due to the mix of our Gross Gaming revenues with lower overall tax on sports betting operations compared to other casino type products.

#### **Service Revenues**

Service revenues decreased by approximately \$0.08 million or 11.9%. This is primarily due to a reduction in service revenues from our US operations as we work on stabilizing the US Bookmaking operation This revenue remains insignificant to total revenues during the periods presented.

#### ***Selling expenses***

Selling expenses includes both commissions that are paid to our sales agents as a percentage of turnover (handle), which is not affected by winnings paid out, and a percentage of GGR which is affected by winnings paid out. We also incur fees paid to third party providers, based on Net Gaming Revenues (“NGR”). Therefore, increases in turnover (handle), will mostly result in increases in selling expenses and may result in only a slight increases in overall revenue if winnings/payouts, that are subject to the unknown outcome of sports events that we have no control over, are very high. The percentage of selling expenses to turnover increased to 4.7% from 4.3% for the three months ended March 31, 2023 and 2022, respectively. Based on the mix of commissions paid on turnover to commissions paid on GGR and NGR, the percentage and dollar value of commissions increased.

We incurred selling expenses of approximately \$9.9 million and \$9.3 million for the three months ended March 31, 2023 and 2022, respectively, an increase of approximately \$0.6 million or 6.3%. Selling expenses denominated in Euro amounted to approximately \$9.8 million (€9.2 million), the strengthening of the average U.S. dollar exchange rate against the Euro during the 2023 current quarter from \$1.122538 to \$1.073241 or 4.4%, using the 2022 average exchange rate of \$1.122538, we would have incurred Euro based selling expenses of \$10.3 million compared to \$9.3 million for the three months ended March 31, 2023 and 2022, respectively, an increase of \$1.0 million.

#### ***General and Administrative Expenses***

General and administrative expenses were approximately \$4.4 million and \$4.6 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of approximately \$0.2 million or 2.7%. The decrease over the prior year is attributable to the following: (i) a decrease in personnel costs of costs of \$0.3 million, which includes an increase in stock-based compensation expense of approximately \$0.2 million, resulting in a net decrease in personnel costs, excluding stock based compensation expense, of approximately \$0.5 million, which is in line with our mandate to reduce operating expenditure. The increase in stock-based compensation of approximately \$0.2 million is primarily due to the issuance of restricted stock to key IT management with the acquisition of Engage IT during the current period; and (ii) an increase in platform related fees of approximately \$0.1 million associated with fees paid by Odyssea for outside services.

#### ***Depreciation and amortization***

Depreciation and amortization was approximately \$0.35 million and \$0.44 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of \$0.09 million, primarily due to the impairment, in the prior year, of long-lived intangible assets associated with the acquisition of US Bookmaking.

### ***Loss from Operations***

The loss from operations was approximately \$2.2 million and \$2.1 million for the three months ended March 31, 2023 and 2022, an increase of \$0.1 million or 8.3%. The increase in revenue and the reduction in general and administrative expenses and depreciation and amortization was offset by an increase in selling expenses, as discussed above.

### ***Interest Expense, Net***

Interest expense, net, was approximately \$0.04 million and \$0.004 million for the three months ended March 31, 2023 and 2022, respectively, an increase of approximately \$0.032 million. The increase is primarily due to the convertible debt funding advanced to us during the current quarter and the promissory note funding advanced to us during the second and third quarters of the prior year.

### ***Amortization of debt discount***

Amortization of debt discount was approximately \$0.02 million and \$0 million for the three months ended March 31, 2023 and 2022, respectively, an increase of approximately \$0.02 million. The increase is due to the amortization of debt discount on the convertible notes issued during the current quarter.

### ***Other income***

Other income was approximately \$0.008 million and \$0.04 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of approximately \$0.032 million or 77.7%. Other income includes additional Covid relief funds received in Ulisse during the prior period.

### ***Change in fair value of contingent purchase consideration***

Change in fair value of contingent purchase consideration was approximately \$0 million and \$0.5 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of approximately \$0.5 million. The decrease is due to the impairment of the contingent purchase consideration in 2022 as we do not believe there is any possibility of the contingent consideration being earned by the US Bookmaking sellers.

### ***Other expense***

Other expense was approximately \$0.009 million and \$0.001 million for the three months ended March 31, 2023 and 2022, respectively, an increase of approximately \$0.008 million, the amount is immaterial.

### ***(Loss) gain on Marketable Securities***

The loss on marketable securities was approximately \$0.019 million and the gain on marketable securities was \$0.078 million for the three months ended March 31, 2023 and 2022, respectively, an increase of approximately \$0.097 million or 124.5%. The losses and gains on marketable securities is directly related to the stock price of our investment in Zoompass which is marked-to-market each quarter. The shares in Zoompass were acquired by the Company as settlement of a litigation matter, we have no influence over the performance of Zoompass.

### ***Loss Before Income Taxes***

Loss before income taxes was approximately \$2.3 million and \$2.4 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of approximately \$0.1 million or 3.9%. The decrease in loss before income taxes was primarily due to the increase in loss from operations of \$0.2 million offset by the reduction in changes in fair value of contingent purchase consideration of \$0.5 million and other immaterial movements as discussed above.

### ***Income Tax Provision***

The income tax provision was a credit of approximately \$0.01 million and a charge of approximately \$(0.16) million for the three months ended March 31, 2023 and 2022, respectively, a decrease of approximately \$0.17 million or 106.6%. The income tax charge was \$0.22 million and \$0.24 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of \$0.02 million, and represents taxation on the profits in our European operations. The deferred tax credit was \$0.23 million and \$0.08 million for the three months ended March 31, 2023 and 2022, respectively, an increase of \$0.15 million. The increase is primarily related to deferred tax credits realized on capitalized platform development costs which reverse over the life of platform.

### ***Net Loss***

Net loss was approximately \$2.3 million and \$2.6 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of approximately \$0.3 million or 10.2%, primarily due to the decrease in loss before income taxes and the decrease in the income tax provision, as discussed above.

### ***Comprehensive Loss***

Our reporting currency is the U.S. dollar while the functional currency of our Italian, Maltese and Austrian subsidiaries is the Euro, the functional currency of our Canadian subsidiary is the Canadian dollar and the functional currency of our Colombian operation is the Colombian Peso. The financial statements of our subsidiaries are translated into United States dollars in accordance with ASC 830, using period-end rates of exchange for assets and liabilities, and average rates of exchange for the period for revenues, costs, and expenses and historical rates for equity. Translation adjustments resulting from the process of translating the local currency financial statements into U.S. dollars are included in determining other comprehensive income.

We recorded a foreign currency translation gain of approximately \$0.09 million and a foreign currency translation loss of \$0.15 million for the three months ended March 31, 2023 and 2022, respectively. During the current quarter the U.S. dollar weakened slightly against the year-end Euro closing rate and in the prior year, the U.S. dollar weakened against the Euro, resulting in the swing in the foreign currency translation difference.

### ***Liquidity and Capital Resources***

Our principal cash requirements have included the funding of acquisitions, repayments of convertible debt and deferred purchase consideration, the purchase of plant and equipment, and working capital needs. Working capital needs generally result from expenses incurred in developing our gaming platform for the various markets we operate in and new markets we are developing as well as our intention to continue our expansion plans in the U.S. market.

We finance our business primarily through debt and equity placements and cash generated from operations. Our ability to generate sufficient cash flow from operations is dependent on the continued demand for our gaming services we offer to our customers through our land-based and web-based locations as well as the gaming platforms we license to third parties.

We finance our business to provide adequate funding for at least 12 months, based on forecasted operating results and working capital needs, and in the future, we anticipate that we would need to raise additional cash through equity or debt funding.

To date, we financed our business primarily through the issuance of debt and equity placements and cash generated from operations. Recently we have financed our business through convertible debt placements due to unfavorable equity market conditions, previously we financed our business from registered direct offerings and to a very limited extent, the sale of shares of our common stock pursuant to the terms of an Open Market Sales Agreement<sup>SM</sup> that we entered into with Jefferies LLC on November 19, 2021.

On January 30, 2023, we closed a convertible note funding for gross proceeds of \$850,000, we issued warrants exercisable for 2,179,487 shares of common stock to the convertible note holders as part of the funding arrangement. The funding included gross proceeds of \$500,000 from related parties. Subsequent to March 31, 2023, on May 8, 2023, we raised an additional \$1,500,000 of convertible note funding from related parties with warrants exercisable for 3,138,075 shares of common stock.

Our ability to generate sufficient cash flow from operations is dependent on the continued demand for our gaming services we offer to our customers through our land-based and web-based locations as well as the gaming platforms we license to third parties.

Based on our forecasts, we believe that we will have to source additional funding through either debt or equity funding, if such debt or equity is available at terms that are acceptable to us, if at all, to continue executing on our growth plan and to continue operating for the next twelve months from the date of filing this report. We plan to continue our expansion plans in both the U.S. and Italian markets at a rate of growth that we believe is sustainable and achievable by us.

### ***Assets***

At March 31, 2023 and December 31, 2022, we had total assets of approximately \$24.3 million and \$21.4 million, respectively, an increase of \$2.9 million. The increase is primarily due to an increase in goodwill of \$1.75 million related to the acquisition of Engage IT on January 29, 2023, an increase in property and equipment and intangibles of \$1.0 million, offset by depreciation expense of approximately \$0.3 million and an increase in right of use assets of approximately \$0.24 million, due to new vehicle lease agreements entered into and the right of use property related to the acquisition of Engage IT.

### ***Liabilities***

At March 31, 2023 and December 31, 2022, we had approximately \$16.2 million and \$14.2 million in total liabilities, respectively, an increase of \$2.0 million. The increase is primarily attributable to an increase in convertible notes payable of a gross \$0.8 million, net of debt discount of \$0.5 million, an increase in accounts payable and accrued liabilities of \$1.5 million and an increase in other long-term liabilities of \$0.2 million related to statutory severance accruals included in the acquisition of Engage IT, offset by the reduction in related party payables of \$0.3 million, in the prior period, prior to the acquisition of Engage IT, the balance owing by the Company to Engage IT was recorded as a related party payable.

### ***Working Capital***

The working capital deficit was approximately \$5.2 million and \$3.9 million at March 31, 2023 and December 31, 2022, respectively.

### ***Accumulated Deficit***

We had an accumulated deficit of \$68.8 million and \$66.5 million as of March 31, 2023 and December 31, 2022, respectively.

### ***Cash Flows from Operating Activities***

Net cash used in operating activities was approximately \$0.2 million and \$0.4 million for the three months ended March 31, 2023 and 2022, respectively, a decrease of approximately \$0.2 million or 50.0%.

The decrease in cash used in operating activities is primarily due to the following:

- A decrease in operating losses of approximately \$0.3 million, as discussed under results of operations above;
- an increase in the movement of changes in operating assets and liabilities of \$0.6 million, primarily due to the following: (i) an increase in accounts payable and accrued liabilities of \$1.2 million, primarily due to the timing of payments to our suppliers and vendors; (ii) a decrease in prepaid expenses of \$0.5 million due to the capitalization of developments costs during the fourth quarter of the prior year and; (iii) an increase in gaming account liabilities of \$0.4 million due to the timing of payments to our end customers; offset by; (iv) an increase in gaming accounts receivable of \$1.2 million due to the timing of receipts from our gaming customers and an increase in other current assets of \$0.4 million related to miscellaneous unused credits issued to our agents. The balance of the movement of \$0.1 million is made up of the movement of other individually insignificant movements.
- A decrease of \$0.7 million in non-cash movements, primarily due to the following: (i) the change in fair value of contingent purchase consideration of \$0.5 million, the contingent purchase consideration was impaired during December 2022 as we believe that the US Bookmaking sellers will not reach their earnout targets; (ii) a reduction in the movement of share based compensation of \$0.2 million, in the prior year as certain salaries owed to our chairman was paid in shares of common stock and during the current year restricted shares were issued to six IT related individuals as a retention incentive; deferred tax movements was \$0.15 million, primarily due to deferred taxation on platform costs capitalized and (iv) a reduction in the movement of depreciation and amortization of \$0.1 million due to the impairment of certain long-lived intangibles related to US Bookmaking in the prior year, offset by; (v) the movement in unrealized losses on marketable securities of \$0.97 million.

### *Cash Flows from Investing Activities*

Net cash used in investing activities for the three months ended March 31, 2023 and 2022 was \$0.9 million and \$0.1 million, an increase of \$0.8 million. The increase is primarily due to the capitalization of platform development expenses of \$0.5 million and the acquisition of computer software to support the Multigioco operations of \$0.4 million.

On January 29, 2023, we acquired Engage IT, by issuing 3,018,461 shares of common stock valued at \$1,735,615, included in the assets acquired was cash of \$0.094 million.

### *Cash Flows from Financing Activities*

Net cash provided by financing activities for the three months ended March 31, 2023 and 2022 was \$0.85 million and \$0.1 million, an increase of \$0.75 million. During the current period, we raised \$0.85 million from convertible note funding to support the operations, in the prior year, we raised approximately \$0.13 million from ATM sales of our common stock, offset by the repayment of bank loans of \$0.03 million.

### *Contractual Obligations*

Contractual obligations consist of the certain short term funding commitments to acquire kiosks, and operating and finance lease obligations as disclosed in the notes to the financial statements.

We do not believe that we have any obligations for contingent purchase consideration based on our assessment of US Bookmaking's ability to reach the pre-set earnout targets.

### *Off-Balance-Sheet Arrangements*

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenue or expenses, results of operations, liquidity, capital expenditures or capital resources that we expect to be material to investors. We do not have any non-consolidated, special-purpose entities.

### *Engage IT Services, Srl*

The Company acquired Engage IT with effect from January 29, 2023. Engage IT performed software development work for the Company's wholly owned subsidiary, Gameboard. As of December 31, 2022, Gameboard owed Engage IT \$406,467 for development work performed. The intercompany balance eliminates on consolidation for the three months ended March 31, 2023.

***Luca Pasquini***

On September 26, 2022, Mr. Pasquini was awarded 500,000 restricted shares of common stock valued at \$226,800 for services rendered to the Company.

On January 29, 2023, the Company acquired Engage IT. Mr. Pasquini owned 34% of Engage IT prior to the acquisition. The purchase price was settled by the issuance of common stock, of which Mr. Pasquini received 1,026,277 shares of common stock, which resulted in him becoming an effective 5.7% shareholder of the Company.

***Michele Ciavarella***

On September 26, 2022, Mr. Ciavarella was awarded 300,000 restricted shares of common stock valued at \$136,080 for services rendered to the Company.

On February 14, 2023, Mr. Ciavarella, the Company's Executive Chairman and interim CEO, voluntarily offered and agreed to reduce his annual base compensation to \$372,000 for fiscal 2023, subject to a review of his total compensation package.

***Carlo Reali***

On January 5, 2022, the Company promoted Carlo Reali to the role of Interim Chief Financial Officer.

On March 29, 2022, the Company issued Mr. Reali ten-year options exercisable for 100,000 shares of common stock, at an exercise price of \$2.50 per share, vesting equally over a 4-year period commencing on January 1, 2023.

The Company does not have a formal employment with Mr. Reali and awarded him €40,000 (approximately \$42,930) as compensation for the Interim Chief Financial Officer role; Mr. Reali will continue to receive the compensation that he currently receives which is an annual base salary of €76,632 (approximately \$82,244).

On September 26, 2022, Mr. Reali was awarded 200,000 restricted shares of common stock valued at \$90,720 for services rendered to the Company.

***Victor Salerno***

Prior to the acquisition of US Bookmaking, Victor Salerno had advanced US Bookmaking \$100,000 of which \$50,000 was forgiven and the remaining \$50,000 is still owing to Mr. Salerno, which amount earns interest at 8% per annum, compounded monthly and is repayable on October 1, 2022.

Between February 23, 2022 and September 22, 2022, Mr. Salerno advanced US Bookmaking an additional \$305,000 in terms of purported promissory notes, bearing interest at 10% per annum and repayable between June 30, 2022 and November 30, 2022. These purported promissory notes contain a default clause whereby any unpaid principal would attract an additional 25% penalty and additional interest of 5% per annum. These notes were advanced to US Bookmaking without the consent of the Company, which is required as per the terms of the Members Interest Purchase Agreement entered into on July 15, 2021. Therefore, the Company acknowledges the advance of funds to US Bookmaking by Mr. Salerno, however the terms of the advance and the default penalty have not been accepted and are subject to negotiation or dispute. As of March 31, 2023, these notes remain outstanding, interest has been accrued on these notes, however we intend to dispute the validity of these notes and have accordingly not repaid them or accrued penalty interest in terms of these notes.

On January 23, 2023, Mr. Salerno voluntarily resigned as a member of the Board.

***Paul Sallwasser***

On February 14, 2023, the Company granted Mr. Sallwasser ten-year options exercisable for 154,132 shares of common stock at an exercise price of \$0.89 per share, of which 77,254 vested immediately and the remaining 76,878 vesting equally over a ten-month period commencing on March 1, 2023.

### ***Steven Shallcross***

On February 14, 2023, the Company granted Mr. Shallcross ten-year options exercisable for 131,631 shares of common stock at an exercise price of \$0.89 per share, of which 54,753 vested immediately and the remaining 76,878 vesting equally over a ten-month period commencing on March 1, 2023.

On February 14, 2023, the Company issued Mr. Shallcross 22,472 shares of common stock valued at \$20,000 from the 2018 equity incentive plan in lieu of 2022 cash directors fees owing to Mr. Shallcross.

### ***Andrea Mandel-Mantello***

On February 14, 2023, the Company granted Mr. Mandel-Mantello ten-year options exercisable for 131,631 shares of common stock at an exercise price of \$0.89 per share, of which 54,753 vested immediately and the remaining 76,878 vesting equally over a ten-month period commencing on March 1, 2023.

On February 14, 2023, the Company issued Mr. Mandel-Mantello 44,944 shares of common stock valued at \$40,000 from the 2018 equity incentive plan in lieu of 2022 cash directors fees owing to Mr. Mandel-Mantello.

### ***Aiden Ciavarella***

The Company recently employed Aiden Ciavarella to train as part of our U.S. project management and risk management team lead. Aiden earns an annual salary of \$75,000. there is no formal employment agreement with Aiden who is the son of our chairman and interim CEO, Michele Ciavarella.

### **Item 3. Quantitative and Qualitative Disclosures about Market Risk.**

Elys Game Technology, Corp is a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and is not required to provide the information required under this item.

### **Item 4. Controls and Procedures.**

#### **Management's Evaluation of Disclosure Controls and Procedures**

We maintain disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, that are designed to ensure that information required to be disclosed in our reports under the Exchange Act, is recorded, processed, summarized and reported within the time periods required under the SEC's rules and forms and that the information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate, to allow for timely decisions regarding required disclosure.

As required by SEC Rule 13a-15(b), our management, under the supervision and with the participation of our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of March 31, 2023. Based on the foregoing evaluation, our Chief Executive Officer (principal executive officer) and our Chief Financial Officer (principal financial officer), concluded that due to our limited resources our disclosure controls and procedures were not effective. Specifically, our internal control over financial reporting was not effective due to material weaknesses related to a limited segregation of duties due to our limited resources and the small number of employees. Management has determined that this control deficiency constitutes a material weakness which can result in material misstatements of significant accounts and disclosures that would result in a material misstatement to our interim or annual financial statements that would not be prevented or detected. In addition, due to limited staffing, we are not always able to detect minor errors or omissions in reporting.

Management has increased its number of staff in accounting functions and currently has a consulting agreement with a seasoned financial expert who, together with senior management will ensure that: (i) a formal accounting policy framework is put in place; (ii) policies and procedures are implemented to ensure that all significant accounting, legal, regulatory and risk management procedures are adequately documented and communicated effectively to all management and staff, as appropriate; and (iii) an approval framework will be implemented and adequately documented to ensure that management responsible for financial reporting is aware of all material aspects of the business that may impact financial reporting.

## **Changes in Internal Control Over Financial Reporting**

There were no further changes made to our available personnel during the three months ended March 31, 2023, we continue to address our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) over the next 12 to 24 months. These changes included assigning clear tasks to an outside consultant that occurred during the previous quarter and is reasonably likely to materially affect our internal control over financial reporting.

## **PART II - OTHER INFORMATION**

### **Item 1. Legal Proceedings.**

On November 14, 2022, the Company held a mediation with Messrs. Salerno, Kocienski and Walker. There was no agreed upon outcome at the mediation. On November 17, 2022, the Company (“Plaintiff”) filed suit in the District Court, Clark County, Nevada, Case No. A-22-861452-B against Victor J. Salerno and Robert Kocienski, as “Sellers Representatives” and Robert Walker, John F. Kocienski, Farrell Drozd, William M. Bigelow, Edwin Spaunhurst, Louis Anthony Defilippis and Pennie Bigelow, as “Sellers” together with the Sellers Representatives (collectively the “Defendants”), for Breach of Contract, Breach of Implied Covenant of Good Faith and Fair Dealing, Breach of Fiduciary Duty, Fraudulent Misrepresentation and Inducement, Business Disparagement, Conversion, and Unjust Enrichment. The Company seeks judgment against Defendants for: damages caused by Defendants in an amount in excess of \$15,000 for each claim for relief; exemplary and punitive damages in an amount no less than three times the amount awarded to Plaintiff for compensatory damages; pre-judgment and post-judgment interest as provided by law; an award of attorney’s fees and costs as special damages; an award of Plaintiff’s costs, disbursements, and attorney’s fees incurred in the action; and for such other and further relief as the Court may deem just and proper. On December 5, 2022, the Defendants filed an Answer and Counterclaim wherein they asserted counterclaims against the Company for Breach of Contract, Breach of Implied Covenant of Good Faith and Fair Dealing, Negligent, Misrepresentation, Intentional/Fraudulent Misrepresentation, and Intentional Interference with Contract. The Company and Defendants are currently engaged in discovery and the Company is vigorously disputing the counterclaims asserted by the Defendants.

On December 2, 2022, Messrs. Salerno, Kocienski, Walker, and J. Salerno (“Plaintiffs”) commenced an action against Bookmakers Company US, LLC, dba US Bookmaking in the Eighth Judicial District Court, Clark County, Nevada, Case No. A-22-862001-C. Plaintiffs asserted claims for Breach of Contract, Failure to Repay Promissory Note, Unjust Enrichment, and Breach of Covenant of Good Faith and Fair Dealing. Plaintiffs seek damages against Bookmakers Company US, LLC in an amount in excess of \$15,000 and various other forms of relief. The Company, only on behalf of its subsidiary US Bookmaking, answered the complaint and asserted counterclaims for Breach of Fiduciary Duty, Breach of Loyalty, Breach of Contract, Breach of Implied Covenant of Good Faith and Fair Dealing, Equitable Indemnification, and Contribution. The parties are currently engaged in discovery and the Company, on behalf of US Bookmaking, is vigorously disputing the claims asserted by the Plaintiffs.

From time to time, we may become involved in various lawsuits and legal proceedings, which arise in the ordinary course of business. Litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. We are not presently a party to and currently are not aware of any legal proceedings or claims that will have, individually or in the aggregate, a material adverse effect on our business, financial condition or operating results.

## **Item 1A. Risk Factors.**

*Investing in our common stock involves a high degree of risk. You should consider carefully the following risks, together with all the other information in this Form 10-Q, including our condensed consolidated financial statements and notes thereto. If any of the following risks actually materializes, our operating results, financial condition and liquidity could be materially adversely affected. As a result, the trading price of our common stock could decline and you could lose part or all of your investment. The following information updates, and should be read in conjunction with, the information disclosed in Part I, Item 1A, "Risk Factors," contained in our Annual Report on Form 10-K for the year ended December 31, 2022. Except as disclosed below, there have been no material changes from the risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2022.*

### **Risks related to our financial position**

*We have incurred substantial losses in the past and it may be difficult to achieve profitability.*

We have a history of losses and we anticipate that we will incur additional losses in the development of our business. For the three months ended March 31, 2023 we had a net loss of \$2.3 million and for the year ended December 31, 2022 we had a net loss of \$18.3 million, after an intangible impairment charge of \$20.6 million and a revised contingent purchase consideration credit of \$12.9 million. We had accumulated deficits of \$68.8 million and \$66.5 million for the periods ended March 31, 2023 and December 31, 2022, respectively. Since we are currently in the early stages of our development and strategy, we intend to continue to invest in sales and marketing, product and solution development and operations, including the hiring of additional personnel, upgrading our technology and infrastructure and expanding into new geographical markets. Even if we are successful in increasing our customer base, we expect to also incur increased losses in the short term. Costs associated with entering new markets, acquiring clients, customers and operators are generally incurred up front, while service and transactional revenues are generally recognized at future dates if at all. Our efforts to grow our business may be more costly than we expect, and we may not be able to increase our revenues enough to offset our higher operating expenses. We may incur significant losses in the future for a number of reasons, including the other risks described in this section, and unforeseen expenses, difficulties, complications and delays and other unknown events. If we are unable to achieve and sustain profitability, the value of our business and common stock may significantly decrease.

*We have material weaknesses and other deficiencies in our internal control and accounting procedures.*

Section 404 of Sarbanes-Oxley requires annual management assessments of the effectiveness of our internal control over financial reporting. Our management assessed the effectiveness of our disclosure controls and procedures as of December 31, 2022 and as of March 31, 2023 and concluded that we had a material weakness in our internal controls due to our limited resources and therefore our disclosure controls and procedures are not effective in providing material information required to be included in our periodic SEC filings on a timely basis and to ensure that information required to be disclosed in our periodic SEC filings is accumulated and communicated to our management to allow timely decisions regarding required disclosure about our internal control over financial reporting. More specifically, our internal control over financial reporting was not effective due to material weaknesses related to a segregation of duties due to our limited resources and small number of employees. Due to limited staffing, we are not always able to detect minor errors or omissions in financial reporting. If we fail to comply with the rules under Sarbanes-Oxley related to disclosure controls and procedures in the future, or, if we continue to have material weaknesses and other deficiencies in our internal control and accounting procedures and disclosure controls and procedures, our stock price could decline significantly and raising capital could be more difficult. If additional material weaknesses or significant deficiencies are discovered or if we otherwise fail to address the adequacy of our internal control and disclosure controls and procedures our business may be harmed. Moreover, effective internal controls are necessary for us to produce reliable financial reports and are important to helping prevent financial fraud. If we cannot provide reliable financial reports or prevent fraud, our business and operating results could be harmed, investors could lose confidence in our reported financial information, and the trading price of our securities could drop significantly.

### **Risks Related to our Business**

*Our research and development efforts are costly and subject to international risks and may not contribute significantly to revenues for several years, if at all.*

In order to remain competitive, we must continue to invest in research and development. During the three months ended March 31, 2023 and 2022, we spent approximately \$0.3 million and \$0.3 million for research and development and during the years ended December 31, 2022 and 2021, we spent approximately \$1.1 million and \$2.0 million for research and development, respectively, this R&D is mainly comprised of salary and wages at Odissea our platform supply company and a third party vendor, Engage IT, which the Company acquired subsequent to the date of this report on January 29, 2023. This company is creating a custom-made platform for us. We have made and continue to make significant investments in development and related opportunities, such as our acquisition of US Bookmaking and Engage IT, and these investments could adversely affect our operating results if not offset by increases in revenues. However, we may not receive significant revenue from these investments for several years, if at all.

Further, our competitors may expend a greater amount of funds on their research and development programs. Our failure to maintain adequate research and development resources or to compete effectively with the research and development programs of our competitors could materially and adversely affect our business and results of operations.

I, Carlo Reali, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Elys Game Technology, Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c. Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d. Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
